Case Studies in Special Education Tera Torres, Catherine R. Barber, 2017-06-12 Special education law and practice have undergone profound transformation over the past 50 years Students with disabilities are now more likely to receive a free and appropriate education in the least restrictive environment possible however the ideals of the law have not always been manifested in effective practice Although special education services are vastly better today than they were in the early years of public education current policies and practices continue to result in the under education of many children with disabilities This book illustrates key failures of the system within the context of real children's experiences The case study approach gives voice to the students families and educators who have been let down by the special education process The goal is to shed light on the flaws and injustices of the status quo After identifying these problems the authors offer sound solutions Section 1 is devoted to issues surrounding identification of students with learning disabilities These topics include occurrence of inconsistencies in assessment and diagnoses understanding the struggles of the slow learner and the interference of behavioral challenges with students educational performance Section 2 addresses problems within the evaluation process that negatively influence diagnoses Discussions

include disproportionate representation of students from low socioeconomic backgrounds as well as students of color and bilingual students Section 3 highlights significant concerns with service provision within the special education realm The narratives throughout the book present stories of children on the receiving end of a severely fractured special education system Recommendations focus on solving specific problems such as inconsistent identification processes and categories disproportionate representation ill conceived IEPs ineffective specially designed instruction and poorly implemented RTI programs The book's methodological approach affirms that there is much room for reform within both the special education system and the public education system as a whole This book will be an excellent resource for graduate level students practitioners and teachers in the fields of special education disability studies early intervention school psychology and child and family services Additionally it will be of interest to social workers counselors and researchers **Aligning and**

Radical Educators Rearticulating Education and Social Change Jennifer Gale de Saxe,Tina Y. Gourd,2018-10-03 This book is a collection of six case studies of teacher agency in action centering on voices of educators who engaged in activist work throughout the history of education in the US Through a lens of teacher agency and resistance chapter authors explore the stories of individual educators to determine how particular historical and cultural contexts contributed to these educators activist efforts By analyzing specific modes and methods of resistance found within diverse communities throughout the last century of US education this book helps to identify and place into theoretical and historical context an underemphasized narrative of professional teacher activists within American education

Social Studies & the Young Learner ,2001 Students of Color and the Achievement Gap Richard R. Valencia,2015-03-05 Students of Color and the Achievement Gap is a comprehensive landmark analysis of an incontrovertible racialized reality in U S K 12 public education the relentless achievement gap between low socioeconomic students of color and their economically advantaged White counterparts Award winning author and scholar Richard Valencia provides an authoritative and systemic treatment of the achievement gap focusing on Black and Latino Latina students He examines the societal and educational factors that help to create and maintain the achievement gap by drawing from critical race theory an asset based perspective and a systemic inequality approach By showing how racialized opportunity structures in society and schools ultimately result in racialized patterns of academic achievement in schools Valencia shows how the various indicators of the achievement gap are actually symptoms of the societal and school quality gaps Following each of these concerns Valencia provides a number of reform suggestions that can lead to systemic transformations of K 12 education Students of Color and the Achievement Gap makes a persuasive and well documented case that school success for students of color and the empowerment of their parents can only be fully understood and realized when contextualized within broader political economic and cultural frameworks
