birth romantic sensibility or any of the usual accomplishments of those who strut through the pages of this sort of composition I made free with the name of a person who has left the most magnificent proofs of his benevolence and charity that the capital of Scotland has to display To the Scottish reader little more need be said than that the man alluded to is George Heriot But for those south of the Tweed it may be necessary to add that the person so named was a wealthy citizen of Edinburgh and the King's goldsmith who followed James to the English capital and was so successful in his profession as to die in 1624 extremely wealthy for that period He had no children and after making a full provision for such relations as might have claims upon him he left the residue of his fortune to establish an hospital in which the sons of Edinburgh freemen are gratuitously brought up and educated for the station to which their talents may recommend them and are finally enabled to enter life under respectable auspices The hospital in which this charity is maintained is a noble quadrangle of the Gothic order and as ornamental to the city as a building as the manner in which the youths are provided for and educated renders it useful to the community as an institution To the honour of those who have the management the Magistrates and Clergy of Edinburgh the funds of the Hospital have increased so much under their care that it now supports and educates one hundred and thirty youths annually many of whom have done honour to their country in different situations *The Fortunes of Nigel* (Unabridged) Walter Scott, 2018-03-21 This eBook edition of *The Fortunes of Nigel* has been formatted to the highest digital standards and adjusted for readability on all devices A young Scottish nobleman Nigel Olifaunt Lord Glenvarloch travels to London in order to ask the King to repay his father's loan Nigel wishes to use the money to pay off a mortgage on his estate but the Duke of Buckingham and Prince Charles already have their eyes on it The lord is drawn into the chaotic life of the court and when he becomes an enemy of the profligate Lord Dalgarno he finds himself in grave danger **Waverley**
