Fountains English Edition:

Fountain of Christianity Hazrat Mirza Ghulam Ahmad, 2008 The Promised Messiah as wrote Fountain of Christianity in March 1906 in response to the book Yansbi ul Islam in which a Christian gentleman has tried to prove that the Holy Quran does not contain any new teachings and that the Holy Prophet sa merely copied the narratives from past scriptures God forbid The Promised Messiah as responded to this objection first by raising serious doubts about the authenticity of the Christian Gospels and then went on to show how the Holy Quran is a unique and peerless book how so many of its prophecies have been fulfilled and how its blessings live on to this day In this small book the author also argues against the doctrines of Trinity and Atonement held by present day Christians and shows that these beliefs have nothing to do with the teachings of Jesus as himself The second part of the book or Epilogue consists of a profound thesis on the meaning of true salvation The Promised Messiah as describes salvation as The abiding peace and happiness which man by his very nature hungers and thirsts for and which is achieved through personal love and recognition of God and through a perfect relationship with Him

The Chemists Key Henry Nollus, 2023-01-31 This book having worth enough in itself needs not my commendation this Author in his lifetime being an eminent physician and most able Philosopher as the discourse itself can best testify The translator also wanted not judgment to choose what was best in his kind nor abilities to perform the choice being made It is I alone that appear here as Menelaus at that feast in the Iliad who came though not invited I shall not endeavor to excuse myself for I come not empty but will contribute somewhat to the collation The Author builds on good principles so that his theory is as true as it is plausible and I presume he aimed at nothing more leaving all particulars and their application to the industry of his readers He is sometimes pleased to descend to examples but to such only as are natural and they indeed are good to teach but hard to imitate We see not all that Nature does
