

UPPER GRADE

memoirs

These were my favorite books to read in elementary school. I remember feeling like I was in a time machine that took me back to a simpler place and time! I loved reading about Anna and Caleb, their life on the farm, and their growing attachment to Sarah. Patricia MacLachlan's simple language and real life experiences made it easy to connect to as a reader.

In the past, I've read these books with my 4th graders. I've loved watching my students connect with the characters and seeing their excitement build with each book in the series!

Fourth Grade Memoirs 2014-2015 SPY Fourth 2014-2015, 2015-03-08 SPY fourth grade memoirs and self portraits from 2014 2015 *20 Years to Life... a Memoir* T. T Hartman, 2012-08 I was born on Flag Day 1935 the same year Social Security was enacted Consequently I have always felt a tug of birthday patriotism and as a child I secretly hoped the flags might be flying for my benefit Growing up with the SS system has been a comfort as well I didn't mind contributing to the pot all during my working years and I certainly appreciate the pay out during retirement Graduating from journalism school and working for ten years as a newspaper reporter and magazine editor gave me a chance to write about and promote what's right with America My generation saw dramatic changes throughout the 30s 40s and 50s which paralleled my coming of age over a 20 year span Recounting some of these events and how they impacted me as an only child with a bit of an attitude is the theme of the memoir **A Mother's Memoir** Rose Bui, 2022-07-04 In her memoir the author Rose Bui recounts the experiences of her true real life narrative of how she a poor young villager from a family of farmers became trapped between the ongoing pillars of guerilla warfare We needed a substantial meal to keep us going in case we needed to flee as soon as the French planes sounded in the distance ready to bombard We ran until we reached the holes in the backyard of our home Each hole could only fit one person and was about a man's head below ground level Political military diplomatic economic and socio cultural issues all contributed to the French loss of its Indochinese possessions The French lost power with the fall of Dien Bien Phu in 1954 During a period when Vietnam was at war with France the French invaded the urban areas while the Viet Minh party controlled the countryside On the eve of the Geneva Conference General Vo Nguyen Giap and his Viet Minh had triumphed Before 1954 times were drastically different My parent's extensive orchard supplied us with an assortment of fruits throughout the year When mango season arrived my siblings would collect the green mangoes that fell to the ground after a rainstorm Everyone relished green mangoes dipped in a mixture of fish sauce and sugar We often fished along the ditches in my parent's orchard during the summer We relaxed in the cool breeze beneath the trees savoring the tranquility and mangoes Ho Chi Minh's Viet Minh forces decisively beat the French at Dien Bien Phu a French bastion besieged by Vietnamese communists for 57 days in northwest Vietnam The Viet Minh victory at Dien Bien Phu heralded the end of French colonial influence in Indochina paving the door for Vietnam to be divided along the 17th parallel at the Geneva conference Nonetheless upon his return to Vietnam Ho Chi Minh the party's leader at the time exploited the patriotic will of the Vietnamese people and transformed the party into a communist party the Viet Cong When it rained and we were unable to remove the water from the holes before the planes came over we had no alternative but to remain submerged inside the hole Thanks to a wooden ladder propped against the hole's wall we could always escape During the air strikes I recall how after a particularly bloody battle the peasants fled with their relatives to adjacent towns for safety In her heroic and desperate attempts to escape Vietnam she is caught between sacrificing her and her three children's lives in order to cross

the ocean to attain freedom Despite the odds being stacked against her she outwits the Viet Cong and finds herself responsible for a vessel full of Vietnamese refugees Several days had passed while we were at sea The entire time I was unable to detect any changes on the horizon and questioned whether we were traveling in the correct direction It had been days since our last sighting of the land and I had no idea where we were headed This book offers previously untold stories about the author s life beginning with her youth and leading up to her courageous escape and how she and her three out of four children managed to flee Vietnam and seek refuge in the United States Since its inception after 12 or 13 years this book was eventually completed In this time period the author has aged resulting in a decline in her health that has nearly prevented her from completing her story for this book As a result it took her close to seven years to chronologically recount all the events in her handwritten journal entries which she contributed to every so often It took an additional three years to translate and complete her Vietnamese memoir into English This memoir should serve as a reminder to all of us that we are capable of overcoming our failures no matter how difficult the challenges may be

childhood bring insight to the process of individuation and provide an offbeat alternative perspective on figuring out and fulfilling personal destiny As these narratives reveal the process of discovering and actualizing personal potential necessitates trial and error Mistakes and missteps are as crucial to becoming a fully realized human being as the positive choices and the successful actions a person takes If becoming fully human and alive is the reader's cup of tea which is the core motivation driving Moseley's missives he or she must endure inner contradictions that can be tormenting but necessary to make one mindful that human beings can do horrific as well as magnificent things at any time What emerges from these stories is the realization that Moseley wasn't so afraid of making mistakes or of his shadow self as he was of failing to become wholly himself and fully alive Starting with his volatile reactive and painful childhood the stories in *Clocking the Goose* take the reader from sad and funny childhood struggles common to us all and the challenges of adolescence and young adulthood to gaining a mature perspective on what being human is all about Self knowledge self acceptance forgiveness and redemption are essential themes that run throughout the book In tandem to the stories themselves the pre and post story elements of this memoir provide social context to the author's personal struggles Here Moseley weighs in with his views on social media the Woke movement and America's corporatized culture in ways that make his personal journey culturally relevant The emotional thrust of this memoir is that the business of becoming a human being in full is a harrowing and humbling process Becoming conscious that saintly and savage traits eternally coexist within all individuals has the potential to transform or destroy us depending on the choices we make and the responsibility we take in creating our lives Being mindful of this hopefully makes us more tolerant and compassionate towards our failings and the foibles of others From a social perspective this memoir is framed in the viewpoint that modern America has been coopted by a corporate mind set and an immature unconscious and often rapacious social media culture that truncates our humanity At the end of the day *Clocking the Goose* affirms the value of individuation and of embracing the light and darker angels of human nature with grace and forgiveness
