Talent Knows No Color Elaine Clift Gore, 2007-10-01 In the summer of 1970 the members of the New Orleans Fifth Circuit Court of Appeals understood clearly the realities of race in the South Houston Texas like other Southern cities had made haste toward racial school desegregation as slowly as the White Southern Federal courts would allow When the High School of Performing and Visual Arts opened its doors in Houston a year later a new superintendent and liberal dominated Board of Education wished to demonstrate the positive potential of a voluntarily desegregated student body HSPVA was the first United States public school for the arts specifically used for racial desegregation purposes the prototype for the first public urban magnet program of desegregation used to replace a standing court order and a continuing prototype for other public magnet schools for the arts across the United States Talent Knows No Color is a 35 year history of HSPVA exemplary in both arts and academics which chronicles multi perspective participant experiences within the context of ever changing district education policies and demographics Ten years of school system and HSPVA archival research examination of local newspapers and oral history interviews allow a rich narrative unusual among the already limited number of scholarly histories of individual public schools It is the description and analysis of everyday occurrences that assist the reader in understanding what Series Editor O L Davis Jr refers to as the continuing likely never ending practical development of one particular high school and its curriculum NASA Technical Memorandum ,1976 **Grain World** ,1914 Army Medical Bulletin. Hammack,1982-10-02 Who has ruled New York Has power become more concentrated or more widely and democratically dispersed in American cities over the past one hundred years How did New York come to have its modern physical and institutional shape Focusing on the period when New York City was transformed from a nineteenth century mercantile center to a modern metropolis David C Hammack offers an entirely new view of the history of power and public policy in the nation s largest urban community Opening with a fresh and original interpretation of the metropolitan region s economic and social history between 1890 and 1910 Hammack goes on to show how various population groups used their economic social cultural

and political resources to shape the decisions that created the modern city As New York grew in size and complexity its economic and social interests were forced to compete and form alliances No single group not even the wealthy was able to exercise continuing control of urban policy Building on his account of this interplay among numerous elites Hammack concludes with a new interpretation of the history of power in New York and other American cities between 1890 and 1950 This book makes a major contribution to the study of community power of urban and regional history and of public policy And by taking the meaning and distribution of power as his theme Hammack is able to reintegrate economic social and political history in a rich and comprehensive work Lucid instructive and discerning The most commanding analysis of its subject that I know John M Blum professor of history Yale University A powerful and persuasive treatment of a marvelous subject Nelson W Polsby professor of political science University of California Berkeley *Monthly Catalog of United States Government Publications* United States.
