Dubeck,Jonathan Stern,Rehemah Nabacwa,2021-06-14 The Early Grade Reading Assessment EGRA is used to evaluate studies and monitor projects that address reading skills in low and middle income countries Results are often described solely in terms of a passage reading subtask thereby overlooking progress in related skills Using archival data of cohort samples from Uganda at two time points in three languages Ganda Lango and Runyankore Rukiga we explored a methodology that uses passage reading results to create five learner profiles Nonreader Beginner Instructional Fluent and Next Level Ready We compared learner profiles with results on other subtasks to identify the skills students would need to develop to progress from one profile to another We then used regression models to determine whether students learner profiles were related to their results on the various subtasks We found membership in four categories We also found a shift in the distribution of learner profiles from Grade 1 to Grade 4 which is useful for establishing program effectiveness The distribution of profiles within grades expanded as students progressed through the early elementary grades We recommend that those who are discussing EGRA results describe students by profiles and by the numbers that shift from one profile to another over time Doing so would help describe abilities and instructional needs and would show changes in a meaningful way      *Ceiling Price Regulation* United States. Office of Price Stabilization,1951      No School Left Behind Wei Gao,Xianwei Liu,2021-07-11 Based on the fieldwork carried out at two elementary schools Merits School and Pioneer School in northeastern China the monograph details how local schools enacted the New Mathematics Curriculum Reform that was launched in early 2000 The trajectory of the reform implementation at each school was plotted out Both schools resorted to a long standing quality control mechanism i e teaching norms to operationalize the reform ideas The mechanism functioned by placing teachers under measurable supervision and evaluation aligned with the reform The schools responded to the reform following school people s raising practical concerns as well as the established school culture Merits School arrived at a two faced strategy to cope with the reform Pioneer School managed to maintain a balance between promoting reform pedagogy and maintaining good test rankings Both schools marginally involved parents in the implementation of the reform This study suggests that to achieve success reformers need to place equal emphasis on the transformation of teachers as well as local policymakers This book enriches the existing literature on the implementation of mathematics curriculum reform at the school level and brings insights into the schools implementation decisions which will appeal to policymakers curriculum researchers and administrators      **Pharmacology Nutrition Paediatric Nursing - 2024** Akash Tiwari,2024-01-01      **Journal of Gas Lighting and Water Supply** ,1892
