

TRAINING PLAN

Overview

The Training Plan outlines the objectives, needs, strategy, and curriculum to be addressed when training users on the new or enhanced information system. The plan presents the activities needed to support the development of training materials, coordination of training schedules, reservation of personnel and facilities, planning for training needs, and other training-related tasks. Training activities are developed to teach user personnel the use of the system as specified in the training criteria. To develop a Training Plan, refer to the outline.

Include the target audiences and topics on which training must be conducted on the list of training needs. Include in the training strategy how the topics will be addressed. This information includes the format of the training program, the list of topics to be covered, materials, time, space requirements, and proposed schedules. Discuss QA in terms of testing, course evaluation, feedback, and course modification/enhancement.
