Forster Alan Blackstock, 2020-04-01 Though both Willa Cather and E. M. Forster have been alternately praised as progressives and criticized as conservatives the novels of both writers embody the tenets of liberal humanism while at the same time reflecting the tensions associated with modernism though both of these terms have come under intense critical scrutiny in recent years And while a few critics have offered brief comparisons of individual works or particular tendencies of Cather and Forster none has provided the systematic comparative analysis of the relationship between liberal humanist modernist tensions and the search for transcendence in their work that this book offers The principal aims of the present study are to locate the imagined alternatives to the lamentable present embodied in the novels of both writers and to explore how literature and the arts might assist in transcending the deficiencies and disunities of life in the modern era **An**

Ecological and Postcolonial Study of Literature R. Marzec, 2015-12-11 This book argues that humanity's relationship to the land has undergone a fundamental and calamitous change Marzec reveals how the historical phenomenon known as the enclosure movement has effected not only the ecosystems and the geopolitics of the Twenty First century but on how we relate to the earth and conceive of ourselves as human **Coriolanus: A Critical Reader** Liam E. Semler, 2021-01-28

Coriolanus is the last and most intriguing of Shakespeare's Roman tragedies Critics directors and actors have long been bewitched by this gripping character study of a warrior that Rome can neither tolerate nor do without Caius Martius Coriolanus is a terrifying war machine in battle a devoted son to a wise and ambitious mother at home and an inflammatory scorner of the rights and rites of the common people This Critical Reader opens up the extraordinary range of interpretation the play has elicited over the centuries and offers exciting new directions for scholarship The volume commences with a Timeline of key events relating to Coriolanus in print and performance and an Introduction by the volume editor Chapters

Risk and the English Novel Julia Hoydis, 2019-09-23 Taking the cue from the currency of risk in popular and interdisciplinary academic discourse this book explores the development of the English novel in relation to the emergence and institutionalization of risk from its origins in probability theory in the late seventeenth century to the global risk society in the twenty first century Focussing on 29 novels from Defoe to McEwan this book argues for the contemporaneity of the rise of risk and the novel and suggests that there is much to gain from reading the risk society from a diachronic literary cultural perspective Tracing changes and continuities the fictional case studies reveal the human preoccupation with safety and control of the future They show the struggle with uncertainties and the construction of individual or collective logics of risk which oscillate between rational calculation and emotion helplessness and denial and an enabling or destructive sense of adventure and danger Advancing the study of risk in fiction beyond the confinement to dystopian disaster narratives this book shows how topical notions such as chance and probability uncertainty and responsibility fears of decline and transgression all cluster around risk

Fictions of Home Martin Mühlheim, 2018-04-23 This study aims to counter right wing discourses of belonging It discusses key theoretical concepts for the study of home focusing in particular on Marxist feminist postcolonial and psychoanalytic contributions The book also maintains that postmodern celebrations of nomadism and exile tend to be incapable of providing an alternative to conservative xenophobic appropriations of home In detailed readings of one film and six novels a view is developed according to which home as a spatio temporal imaginary is rooted in our species being and as such constitutes the inevitable starting point for any progressive politics

Literary Essays on Explicable Splendours Ethan Lewis, 2019-10-29 A literary critic aspires to eloquence though makes no pretense to mirror the sublimity of the monuments inspiring his endeavors Poets express their wonder through works of art Critics articulate their homage via analysis of art s workings Hence these essays and lectures addressed to the quizzical though not of necessity scholarly reader explore Shakespeare and
