Handbook of Freemasonry ,2014-06-12 Freemasonry is the largest oldest and most influential secret society in the world The Brill Handbook of Freemasonry is a pioneering work that brings together for the first time leading scholars on Freemasonry The first section covers historical perspectives such as the origins and early history of Freemasonry The second deals with the relationship between Freemasonry and specific religious traditions such as the Catholic Church Judaism and Islam In the third section organisational themes such as the use of rituals are explored while the fourth section deals with issues related to society and politics women blacks colonialism nationalism and war The fifth and final section is devoted to Freemasonry and culture including music literature modern art architecture and material culture **Shamanism** Mircea Eliade,2004-02-08 Surveys the practice of Shamanism over two and a half millennia of human history moving from the Shamanic traditions of Siberia and Central Asia where Shamanism was first observed to North and South America Indonesia Tibet China and beyond Eliade illuminates the magico religious life of societies that give primacy of place to the figure of the Shaman at once magician and medicine man healer and miracle doer priest mystic and poet *Justice and Security Reform* Lisa Denney,2014-01-10 Justice and Security Reform Development Agencies and Informal Institutions in Sierra Leone undertakes a deep contextual analysis of the reform of the country s security and justice sectors since the end of the civil war in 2002 Arguing that the political and bureaucratic nature of development agencies leads to a lack of engagement with informal institutions this book examines the challenges of sustainably transforming security and justice in fragile states Through the analysis of a post conflict context often held up as an example of successful peacebuilding Lisa Denney reveals how the politics of development agencies is an often forgotten constraint in security and justice reform and development efforts more broadly Particularly suited to upper level undergraduates and postgraduate students as well as practitioners this book is relevant to those interested in security and justice reform and statebuilding as well Sierra Leone s post conflict recovery Eros and Greek Athletics Thomas F. Scanlon,2002-02-07 Ancient Greek athletics offer us a clear window on many important aspects of ancient culture some of which have distinct parallels with modern sports and their place in our society Ancient athletics were closely connected with religion the formation of young men and women in their gender roles and the construction of sexuality Eros was from one perspective a major god of the gymnasium where homoerotic liaisons reinforced the traditional hierarchies of Greek culture But Eros in the athletic sphere was also a symbol of life affirming friendship and even of political freedom in the face of tyranny Greek athletic culture was not so much a field of dreams as a field of desire where fervent competition for honor was balanced by cooperation for common social goals Eros and Greek Athletics is the first in depth study of Greek body culture as manifest in its athletics sexuality and gender formation In this comprehensive overview Thomas F Scanlon explores when and how athletics was linked with religion upbringing gender sexuality and social values in an evolution from Homer until the Roman period Scanlon shows that males and females made

different uses of the same contests that pederasty and athletic nudity were fostered by an athletic revolution beginning in the late seventh century B C and that public athletic festivals may be seen as quasi dramatic performances of the human tension between desire and death Accessibly written and full of insights that will challenge long held assumptions about ancient sport Eros and Greek Athletics will appeal to readers interested in ancient and modern sports religion sexuality and gender studies *The Power of Ritual in Prehistory* Brian Hayden, 2018-09-13 Secret societies in tribal societies turn out to be key to understanding the origins of social inequalities and state religions *The Short and Tragic Life of Robert Peace* Jeff Hobbs, 2015-07-28 Jeff Hobbs tells the story of Robert DeShaun Peace who went from a New Jersey ghetto to Yale but never truly escaped his past *Twana Narratives* William Welcome Elmendorf, 1993 The Twana speech community of Coast Salish Indians lived before 1860 in nine villages in western Washington Twana Narratives presents first person insider accounts of Twana history society and religion as told by natives Frank and Henry Allen to anthropologist William Elmendorf between 1934 and 1940 The Allens were born in the Hood Canal area in the mid nineteenth century and were fluent in both English and Twana The vigorous language of the eighty narratives while predominantly in English is freely interspersed with key native terms denoting personal names genealogical connections and spirit powers and rituals The texts unique for the region and the period reveal a strong sense of the local diversity within the larger Salish area and of the intricate interrelationships between village communities *Animal History in the Modern City* Clemens Wischermann, Aline Steinbrecher, Philip Howell, 2018-09-06 This book is open access and available on [www.bloomsburycollections.com](http://www.bloomsburycollections.com) It is funded by Knowledge Unlatched Animals are increasingly recognized as fit and proper subjects for historians yet their place in conventional historical narratives remains contested This volume argues for a history of animals based on the centrality of liminality the state of being on the threshold not quite one thing yet not quite another Since animals stand between nature and culture wildness and domestication the countryside and the city and tradition and modernity the concept of liminality has a special resonance for historical animal studies Assembling an impressive cast of contributors this volume employs liminality as a lens through which to study the social and cultural history of animals in the modern city It includes a variety of case studies such as the horse human relationship in the towns of New Spain hunting practices in 17th century France the birth of the zoo in Germany and the role of the stray dog in the Victorian city demonstrating the interrelated nature of animal and human histories *Animal History in the Modern City* is a vital resource for scholars and students interested in animal studies urban history and historical geography **The Occult Novels of Dion Fortune** Georgia van Raalte, 2025-01-28 This monograph explores the work of Dion Fortune one of the most prolific British occult authors of the interwar period and her claim that her books had an initiatory quality She held that reading her books and meditating on their contents could produce a lasting change in consciousness which in turn could lead to lasting changes in an individual's life This book aims to rehabilitate a figure largely forgotten by both the fields of Literature and of Esotericism and proposes a framework for analysing initiatory

fiction and the experience of fictional initiation The study presents a new avenue for research and theoretical perspective on literary texts from the Occult Revival as well as on famed modernist texts and more contemporary occult fiction

*God, Spirit, and Human Wholeness* Elochukwu Eugene Uzukwu, 2012-03-09 The Holy Spirit provides access to relationship with and reflection on the Triune God In West Africa Christians approach the Triune God in a way that challenges the Jewish Christian memory Deeply rooted in their ancestral memory where living is relationality they embrace the Trinitarian faith the economy of the relational God Christ Spirit by expanding and reinventing their indigenous experience of God deities spirits and ancestors Christian faith practice is marked by the spectacular dominance of the Holy Spirit whose charisms reflect the operations of deities African Initiated Churches AICs Protestant and Catholic charismatic movements experience God Spirit's liberating and healing hand for the enhancement and realization of communal and individual destiny what one expects from a concerned providential deity This book argues that the emergent West African Trinitarian imagination is in harmony with Hebrew insight into the One and Only Yahweh of the patriarchs that assumed the dimensions of Elohim God experienced as a sound of sheer silence by Elijah and proposed in utter weakness as the Only God by Deutero Isaiah the God that Jesus called Abba Father As Spirit and Life the Holy Spirit which is the source of all charisms Origen is our link to the Trinity
