Atmospheres of Violence Eric A. Stanley, 2021-09-03 Advances in LGBTQ rights in the recent past marriage equality the repeal of Don't Ask Don't Tell and the expansion of hate crimes legislation have been accompanied by a rise in attacks against trans queer and or gender nonconforming people of color In *Atmospheres of Violence* theorist and organizer Eric A Stanley shows how this seeming contradiction reveals the central role of racialized and gendered violence in the United States Rather than suggesting that such violence is evidence of individual phobias Stanley shows how it is a structuring antagonism in our social world Drawing on an archive of suicide notes AIDS activist histories surveillance tapes and prison interviews they offer a theory of anti trans queer violence in which inclusion and recognition are forms of harm rather than remedies to it In calling for trans queer organizing and worldmaking beyond these forms Stanley points to abolitionist ways of life that might offer livable futures

Doing Time in the Depression Ethan Blue, 2014-11-22 As banks crashed belts tightened and cupboards emptied across the country American prisons grew fat *Doing Time in the Depression* tells the story of the 1930s as seen from the cell

blocks and cotton fields of Texas and California prisons state institutions that held growing numbers of working people from around the country and the world overwhelmingly poor disproportionately non white and displaced by economic crisis Ethan Blue paints a vivid portrait of everyday life inside Texas and California s penal systems Each element of prison life from numbing boredom to hard labor from meager pleasure in popular culture to crushing pain from illness or violence demonstrated a contest between keepers and the kept From the moment they arrived to the day they would leave inmates struggled over the meanings of race and manhood power and poverty and of the state itself In this richly layered account Blue compellingly argues that punishment in California and Texas played a critical role in producing a distinctive set of class race and gender identities in the 1930s some of which reinforced the social hierarchies and ideologies of New Deal America and others of which undercut and troubled the established social order He reveals the underside of the modern state in two very different prison systems and the making of grim institutions whose power would only grow across the century

Corrections Michael Welch, 2013-10-14 Review questions Recommended readings 3 America s Penal Past Introduction Colonial America Methods of punishment William Penn and the Great Law Analyzing punishment in colonial America Prisons in the nation s early years Newgate Prison Connecticut subterranean incarceration and political imprisonment The Walnut Street Jail penal reform and the quest for state power Newgate Prison New York City The Jacksonian era Reconceptualizing crime as a social problem The Pennsylvania and Auburn systems of prison discipline Elam Lynds warden of Auburn and Sing Sing *Liberty's Prisoners* Jen Manion, 2015-10-07 *Liberty s Prisoners* examines how changing attitudes about work freedom property and family shaped the creation of the penitentiary system in the United States The first penitentiary was founded in Philadelphia in 1790 a period of great optimism and turmoil in the Revolution s wake Those who were previously dependents with no legal standing women enslaved people and indentured servants increasingly claimed their own right to life liberty and happiness A diverse cast of women and men including immigrants African Americans and the Irish and Anglo American poor struggled to make a living Vagrancy laws were used to crack down on those who visibly challenged longstanding social hierarchies while criminal convictions carried severe sentences for even the most trivial property crimes The penitentiary was designed to reestablish order both behind its walls and in society at large but the promise of reformative incarceration failed from its earliest years Within this system women served a vital function and *Liberty s Prisoners* is the first book to bring to life the experience of African American immigrant and poor white women imprisoned in early America Always a minority of prisoners women provided domestic labor within the institution and served as model inmates more likely to submit to the authority of guards inspectors and reformers White men the primary targets of reformative incarceration challenged authorities at every turn while African American men were increasingly segregated and denied access to reform *Liberty s Prisoners* chronicles how the penitentiary though initially designed as an alternative to corporal punishment for the most egregious of offenders quickly became a repository for those who attempted to lay claim to

the new nation's promise of liberty *Prisons 2000* Peter Francis, Roger Matthews, 1996-07-13 A collection of original articles from a number of the world's leading authorities on imprisonment. The aim of the book is to review the current state of imprisonment around the world and to look at possible future developments. The underlying theme of the book is that imprisonment is undergoing a significant change in a number of different countries and that there are important lessons which can be learned from the analysis of these changes. At the same time this book is perceived as a state of the art collection which provides an informed and comprehensive analysis of the major aspects of imprisonment. Consequently the book should be of interest to a wide ranging international audience of academic researchers and policy makers as well as students.

Surveillance and Terror in Post-9/11 British and American Television Darcie Rives-East, 2019-07-18 This interdisciplinary study examines how state surveillance has preoccupied British and American television series in the twenty years since 9/11. *Surveillance and Terror in Post 9/11 British and American Television* illuminates how the U.S. and U.K. bound by an historical cultural and television partnership have broadcast numerous programs centred on three state surveillance apparatuses tasked with protecting us from terrorism and criminal activity: the prison, the police and the national intelligence agency. Drawing from a range of case studies such as *Sherlock*, *Orange Is the New Black* and *The Night Manager* this book discusses how television allows viewers, writers and producers to articulate fears about an increased erosion of privacy and civil liberties following 9/11 while simultaneously expressing a desire for a preventative mechanism that can stop such events occurring in the future. However these concerns and desires are not new encompassing surveillance narratives both past and present this book demonstrates how television today builds on earlier narratives about panoptic power to construct our present understanding of government surveillance.

Captive Genders Eric A. Stanley, Nat Smith, 2015-10-01 *Captive Genders* is an exciting assemblage of writings, analyses, manifestos, stories, interviews that traverse the complicated entanglements of surveillance, policing, imprisonment and the production of gender normativity. Focusing discerningly on the encounter of transpersons with the apparatuses that constitute the prison industrial complex, the contributors to this volume create new frameworks and new vocabularies that surely will have a transformative impact on the theories and practices of twenty-first century abolition. Angela Y. Davis, professor emerita, University of California, Santa Cruz. The contributors to *Captive Genders* brilliantly shatter the assumption that the antidote to danger is human sacrifice. In other words, for these thinkers, where life is precious, life is precious. Ruth Wilson Gilmore, author of *Golden Gulag*, *Prisons Surplus*, *Crisis and Opposition in Globalizing California*. *Captive Genders* is at once a scathing and necessary analysis of the prison industrial complex and a history of queer resistance to state tyranny. By analyzing the root causes of anti-queer and anti-trans violence, this book exposes the brutality of state control over queer trans bodies inside and outside prison walls and proposes an analytical framework for undoing not just the prison system but its mechanisms of surveillance, dehumanization and containment. Mattilda Bernstein Sycamore, author of *Why Are Faggots So Afraid of Faggots*. *Captive Genders* was the first

book of its kind It remains the touchstone for studies of trans and gender queer people in prison It has been revamped to appeal to recent broadened interest With a new Foreword by CeCe McDonald and essay by Chelsea Manning *Genocide and Gender in the Twentieth Century* Amy E. Randall, 2021-12-16 Focusing on events in Rwanda Armenia and the former Yugoslavia as well as the Holocaust *Genocide and Gender in the Twentieth Century* investigates how historically and culturally specific ideas led to genocidal sexual violence Expert contributors also consider how these ideas in conjunction with issues relating to femininity masculinity and understandings of gendered identities contributed to perpetrators tools and strategies for ethnic cleansing and genocide The 2nd edition features Five brand new chapters which explore imperialism race gender and genocide the Cambodian genocide memory and intergenerational transmission of Holocaust trauma and genocide gender and memory in the Armenian case An extended and enhanced introduction which makes use of recent scholarship on gender and violence Historiographical and bibliographical updates throughout Key primary document excerpt from the 1948 UN Convention on the Prevention and Punishment of Genocide Updated and revised in its second edition *Genocide and Gender in the Twentieth Century* is the authoritative study on the complex gender dimensions of ethnic cleansing and genocide in the 20th century **Women in Prisons and Jails** Barbara Bloom, Russell Immarigeon, Barbara A. Owen, 1990 *Dangerous Masculinity* Anna Curtis, 2019-09-06 For incarcerated fathers prison rather than work mediates access to their families Prison rules and staff regulate phone privileges access to writing materials and visits Perhaps even more important are the ways in which the penal system shapes men's gender performances Incarcerated men must negotiate how they will enact violence and aggression both in terms of the expectations placed upon inmates by the prison system and in terms of their own responses to these expectations Additionally the relationships between incarcerated men and the mothers of their children change particularly since women now serve as gatekeepers who control when and how they contact their children This book considers how those within the prison system negotiate their expectations about real men and good fathers how prisoners negotiate their relationships with those outside of prison and in what ways this negotiation reflects their understanding of masculinity
