[Upper intermediate] : Video Teacher's Book*, 2001 **A Concise Grammar for English Language Teachers** Tony Penston, 2005 A Concise Grammar for English Language Teachers excels at actually making grammar easy to understand, easy to master, easy to apply in the classroom. Its underlying aim is to help teachers become au fait with the terminology used in modern ELT coursebooks and to build confidence in their ability to explain grammar rules both structural and functional. Among the bold innovations with this book is its A4 size which more readily accommodates the plentiful and highly commended tables of grammar items. It is also the first English teacher's grammar to use tree diagrams to show sentence constituents in full clarity. Other strengths include the many excerpts from coursebooks and resource books plus the excellent practical tips throughout. **Developing Materials for Language Teaching** Brian Tomlinson, 2014-08-01 This supplementary ebook contains the 12 chapters from the first edition of Brian Tomlinson's comprehensive *Developing Materials for Language Teaching* on various aspects of materials development for language teaching that did not for reasons of space appear in the second edition. **New American Inside Out** Sue Kay, 2010 NEW INSIDE OUT UPPER INTERMEDIATE (TEACHER'S BOOK) (CD1) Sue Kay, 2009-09 The comprehensive all-in-one Teachers Book is the perfect companion to the course providing teachers' notes, practical teaching tips, photocopiable activities and a CD containing editable tests. **New inside out. Intermediate : Teacher's book** Sue Kay, Vaughan Jones, Helena Gomm, 2009 New Inside Out. Beginner, DVD Teacher's Book Rachel Instone, 2007 **In Company** Simon Clarke, Mark Powell, Pete Sharma, 2010 Inside Out Helena Gomm, Sue Kay, Jon Hird, Vaughan Jones, 2000 A classroom-tested English course for adults and young adults. *Inside Out* has been designed to develop real-life communicative skills and powers of self-expression. Success on your Certificate Course in English Language Teaching Caroline Brandt, 2006-07-04 Extremely comprehensive and well-written in terms of style, accessible to the reader but intelligent and expressing some fairly subtle concepts. Would that more ELT practitioners could do the same. Certainly a good read for those thinking about and also those engaged in initial training or even post-initial training stage. Jenny Pugsley, Head of TESOL, Trinity College London. It's essential reading whether you are simply curious about what is involved in training in ELT, need advice on choosing the right course, have already enrolled and want to make the most of your course, or are a new teacher just starting out. It's a book I wish I'd had when I was starting out in my ELT career and that I wish had been available to many of the course participants I have tutored. Lyn Strutt, ELT author and Chair of the British Council Families

Association Each year thousands of people all over the world take one of the hundreds of available short pre service courses that lead to the award of a certificate in English Language Teaching ELT or Teaching English to Speakers of Other Languages TESOL Caroline Brandt s book is an invaluable guide to anyone thinking of enrolling on one of these courses With a clear and concise structure that follows your general interest in TESOL right through to the intricacies of the course itself it can be used from initial research stages to final qualifications and beyond Brandt s decades of experience in this field across the globe shine through Chapters include introducing English Language Teaching becoming qualified knowing your certificate course getting started learning working together being qualified Throughout the book there are snapshots of students experiences in their own words and summaries of key points for you to take with you whether into the next stage of learning or the next day s teaching The chapters are stand alone resources as well as the building blocks to becoming a fully qualified English Language teacher The book is supported by a companion website which provides quizzes to test

understanding of each chapter lesson plan proformas a full glossary and annotated website links **Applied Linguistics and Materials Development** Brian Tomlinson,2012-12-06 Focuses for the first time on materials development and applications of current research and theory for the main areas of applied linguistics e g second language acquisition pragmatics vocabulary studies There are many books on applied linguistic theory and research and there are now a number of books on the principled development of materials for language learning but this book takes a new approach by connecting the two concerns Each of its chapters first of all presents relevant theories and research conclusions for its area and then considers practical applications for materials development The chapters achieve these applications by reporting and commenting on current theory and research by analysing the match between current published materials and current theory and by suggesting and exemplifying applications of current theory to materials development This will be an essential resource both for those studying or teaching materials development and for those studying or teaching applied linguistics
