Graham, H. Glenn Penny, 2014-12-01 This engaging collection of essays discusses the complexities of being indigenous in public spaces Laura R Graham and H Glenn Penny bring together a set of highly recognized junior and senior scholars including indigenous scholars from a variety of fields to provoke critical thinking about the many ways in which individuals and social groups construct and display unique identities around the world The case studies in Performing Indigeneity underscore the social historical and immediate contextual factors at play when indigenous people make decisions about when how why and who can be indigenous in public spaces Performing Indigeneity invites readers to consider how groups and individuals think about performance and display

and focuses attention on the ways that public spheres both indigenous and nonindigenous ones have received these performances The essays demonstrate that performance and display are essential to the creation and persistence of indigeneity while also presenting the conundrum that in many cases indigeneity excludes some of the voices or identities that the category purports to represent

How Chiefs Became Kings Patrick Vinton Kirch, 2010-12-02 In *How Chiefs Became Kings* Patrick Vinton Kirch addresses a central problem in anthropological archaeology the emergence of archaic states whose distinctive feature was divine kingship Kirch takes as his focus the Hawaiian archipelago commonly regarded as the archetype of a complex chiefdom Integrating anthropology linguistics archaeology traditional history and theory and drawing on significant contributions from his own four decades of research Kirch argues that Hawaiian polities had become states before the time of Captain Cook's voyage 1778-1779 The status of most archaic states is inferred from the archaeological record But Kirch shows that because Hawai'i's kingdoms were established relatively recently they could be observed and recorded by Cook and other European voyagers Substantive and provocative this book makes a major contribution to the literature of precontact Hawai'i and illuminates Hawai'i's importance in the global theory and literature about divine kingship archaic states and sociopolitical evolution
