Lyrical And Critical Essays:

Lyrical And Critical Essays Albert Camus, 1968 Here now for the first time in a complete English translation we have Camus's three little volumes of essays plus a selection of his critical comments on literature and his own place in it As might be expected the main interest of these writings is that they illuminate new facets of his usual subject matter The New York Times Book Review A new single work for American readers that stands among the very finest The Nation Lyrical and Critical Essays Albert Camus, 1970 *Lyrical and Critical Essays* Albert Camus, 1968 **Lyrical and critical essays. by Albert Camus. Edited and with Notes by Philip Thody. Translated from the French by Ellen Conroy Kennedy** Albert Camus, 1970

Tragedy and the Modernist Novel Manya Lempert, 2020-09-10 This study of tragic fiction in European modernism brings together novelists who espoused in their view a Greek vision of tragedy and a Darwinian vision of nature To their minds both tragedy and natural history disclosed unwarranted suffering at the center of life Thomas Hardy Virginia Woolf Albert Camus and Samuel Beckett broke with entrenched philosophical and scientific traditions that sought to exclude chance undeserved pains from tragedy and evolutionary biology Tragedy and the Modernist Novel uncovers a temporality central to tragic novels structure and ethics that of the moment These authors made novelistic plot the delivery system for lethal natural and historical forces and then countered such plot with moments of protest characters fleeing dissent against unjustifiable harms *Southern Thought and Other Essays on the Mediterranean* Franco Cassano, 2012 Valerio Ferme is the Harold and Edythe Toso Endowed Chair professor in Italian Studies at Santa Clara University Book Jacket Albert Camus and the Human Crisis Robert E. Meagher, 2021-11-02 A renowned scholar investigates the human crisis that Albert Camus confronted in his world and in ours producing a brilliant study of Camus's life and influence for those readers who in Camus's words cannot live without dialogue and friendship As France and all of the world was emerging from the depths of World War II Camus summed up what he saw as the human crisis We gasp for air among people who believe they are absolutely right whether it be in their machines or their ideas And for all who cannot live without dialogue and the friendship of other human beings this silence is the end of the world In the years after he wrote these words until his death fourteen years later Camus labored to address this crisis arguing for dialogue understanding clarity and truth When he sailed to New York in March 1946 for his first and only visit to the United States he found an ebullient nation celebrating victory Camus warned against the common postwar complacency that took false comfort in the fact that Hitler was dead and the Third Reich had fallen Yes the serpentine beast was dead but we know perfectly well he argued that the venom is not gone that each of us carries it in our own hearts All around him in the postwar world Camus saw disheartening evidence of a global community revealing a heightened indifference to a number of societal ills It is the same indifference to human suffering that we see all around and

within ourselves today Camus's voice speaks like few others to the heart of an affliction that infects our country and our world a world divided against itself His generation called him the conscience of Europe That same voice speaks to us and our world today with a moral integrity and eloquence so sorely lacking in the public arena Few authors sixty years after their deaths have more avid readers across more continents than Albert Camus Camus has never been a trend a fad or just a good read He was always and still is a companion a guide a challenge and a light in darkened times This keenly insightful story of an intellectual is an ideal volume for those readers who are first discovering Camus as well as a penetrating exploration of the author for all those who imagine they have already plumbed Camus depths a supremely timely book on an author whose time has come once again

Camus, Philosophe Matthew Sharpe, 2015-08-25 Camus Philosophe To Return to our Beginnings is the first book on Camus to read Camus in light of and critical dialogue with subsequent French and European philosophy It argues that while not an academic philosopher Albert Camus was a philosophe in more profound senses looking back to classical precedents and the engaged French lumi res of the 18th century Aiming his essays and literary writings at the wider reading public Camus criticism of the forms of political theology enshrined in fascist and Stalinist regimes singles him out markedly from more recent theological and messianic turns in French thought His defense of classical thought turning around the notions of natural beauty a limit and mesure makes him a singularly relevant figure given today's continuing debates about climate change as well as the way forward for the post Marxian Left

Albert Camus Robert D. Zaretsky, 2011-07-15 Like many others of my generation I first read Camus in high school I carried him in my backpack while traveling across Europe I carried him into and out of relationships and I carried him into and out of difficult periods of my life More recently I have carried him into university classes that I have taught coming out of them with a renewed appreciation of his art To be sure my idea of Camus thirty years ago scarcely resembles my idea of him today While my admiration and attachment to his writings remain as great as they were long ago the reasons are more complicated and critical Robert Zaretsky On October 16 1957 Albert Camus was dining in a small restaurant on Paris's Left Bank when a waiter approached him with news the radio had just announced that Camus had won the Nobel Prize for Literature Camus insisted that a mistake had been made and that others were far more deserving of the honor than he Yet Camus was already recognized around the world as the voice of a generation a status he had achieved with dizzying speed He published his first novel *The Stranger* in 1942 and emerged from the war as the spokesperson for the Resistance and although he consistently rejected the label for existentialism Subsequent works of fiction including the novels *The Plague* and *The Fall* philosophy notably *The Myth of Sisyphus* and *The Rebel* drama and social criticism secured his literary and intellectual reputation And then on January 4 1960 three years after accepting the Nobel Prize he was killed in a car accident In a book distinguished by clarity and passion Robert Zaretsky considers why Albert Camus mattered in his own lifetime and continues to matter today focusing on key moments that shaped Camus's development as a writer a public intellectual and a man Each chapter is

devoted to a specific event Camus's visit to Kabylia in 1939 to report on the conditions of the local Berber tribes his decision in 1945 to sign a petition to commute the death sentence of collaborationist writer Robert Brasillach his famous quarrel with Jean Paul Sartre in 1952 over the nature of communism and his silence about the war in Algeria in 1956 Both engaged and engaging Albert Camus *Elements of a Life* is a searching companion to a profoundly moral and lucid writer whose works provide a guide for those perplexed by the absurdity of the human condition and the world's resistance to meaning

Rethinking Political Judgement MaA!a Mrovlje, 2018-03-21 The first book length study to provide a detailed examination of a distinctive crossroads in the history of the left *Politics, Literature, and Film in Conversation* Matthew D. Dinan, Paul E. Kirkland, Denise Schaeffer, Natalie Taylor, 2021-05-04 This volume presents a series of essays in honor of noted scholar of political theory Mary P. Nichols The essays reflect Nichols pathbreaking work in ancient Greek political thought as well as her influential treatments of works of literature and film in conversation with political theory Part I *Conversations Concerning Love and Friendship* features essays about the philosophical meaning of human connection and affection Part II *Conversations Between Politics and Poetry* looks at the political significance of art and the ways in which political rule can be understood to be artistic or poetic Part III *Conversations from Tragedy to Comedy* considers whether the human need for community is something to be lamented or celebrated Broad in scope and interdisciplinary in approach the essays in this volume address authors such as Plato Aristotle Shakespeare Machiavelli Mary Wollstonecraft G. W. F. Hegel Jane Austen Henry James William Faulkner Albert Camus J. R. R. Tolkien and Aleksander Solzhenitsyn as well as the films of Woody Allen and Whit Stillman **The Cambridge Companion to Existentialism** Steven Crowell, 2012-02-16 These essays

demonstrate the contemporary vitality of existential thought engaging critically with the main concepts and figures of existentialism **Experience as Philosophy** James Campbell, Richard E. Hart, 2006 The philosopher John J. McDermott comes out of the long American tradition that takes the aim of philosophical inquiry to be interpretation of the open meanings of experience so that we might all live fuller and richer lives Here the authors of these nine essays explore his highly original interpretations of philosophy's various questions about our shared existence How are we to understand the nature of American culture and to carry forward its important contributions What is the personal importance of embodiment of living in the realization of death How does our physical and personal environment nourish bodies and spirits What does the deliberate pursuit of a morality offer us How can we carry forward the fundamental tasks of education to enable those who follow us to use our shared past to address their civic and spiritual problems What are the possibilities for community Together these essays offer a clear multi-layered understanding of the compelling vision that McDermott has presented over the years In an Afterword McDermott responds to the authors' queries and concerns offering a restatement of his understanding of the American philosopher's task These essays indicate and McDermott's response confirms that for him philosophy is not a purely cerebral activity Philosophy is rather an intellectual means of exploring the fullness of human

experience and it functions best when it operates in the context of the broad sweep of the humanities Similarly for McDermott the self is no given substantial entity On the contrary it is relational rooted geographically and socially in its place and its fellows and damaged when these life giving processes fail Further McDermott does not accept any ultimate canopy of meaning The human journey is a personal project within which provisional meanings must be created to sustain our advance

Casablanca's Conscience Robert Weldon Whalen, 2024-02-06 A new look at a beloved classic film that explores the philosophical dynamics of Casablanca Celebrating its eightieth anniversary this year Casablanca remains one of the world's most enduringly favorite movies It won three Academy Awards for Best Picture Best Director and Best Adapted Screenplay It is still commonly quoted We'll always have Paris and Here's looking at you kid And who can forget You must remember this a kiss is just a kiss Yet no one expected much to come of this little film certainly not its blockbuster stars or even the studio producing it So how did this hastily cranked out 1940s film despite its many limitations become one of the greatest films ever made How is it that year after year decade after decade it continues to appear in the lists of the greatest movies ever produced And why do audiences still weep when Rick and Ilsa part The answer according to Casablanca's Conscience is to paraphrase Rick It's true Much has already been written about the film and the career defining performances of Bogart and Bergman Casablanca is an epic tale of love betrayal and sacrifice set against the backdrop of World War II Yet decades later it continues to capture the imagination of filmgoers In Casablanca's Conscience author Robert Weldon Whalen explains why it still resonates so deeply Applying a new lens to an old classic Whalen focuses on the film's timeless themes Exile Purgatory Irony Love Resistance and Memory He then engages the fictional characters Rick Ilsa and the others against the philosophical and theological discourse of their real contemporaries Hannah Arendt Dietrich Bonhoeffer and Albert Camus The relationships between fictional and historical persons illuminate both the film's era as well as perennial human concerns Both the film and the work of the philosophers explore dimensions of the human experience which while extreme are familiar to everyone It's the themes that resonate with the viewer that have sustained it as an evergreen classic all these years

Lyrical and critical essays Guangzhong Yu, 1968

Idealism after Existentialism N. N. Trakakis, 2023-03-01 A century ago the dominant philosophical outlook was not some form of materialism or naturalism but idealism However this way of thinking about reality fell out of favour in the Anglo American analytic tradition as well as the Continental schools of the twentieth century The aim of this book is to restage and reassess the encounter between idealism and contemporary philosophy The idealist side will be represented by the great figures of the 19th century post Kantian tradition in Germany from Fichte and Schelling to Hegel followed by the towering Hegelians in Britain led by T H Green F H Bradley and Bernard Bosanquet Their

twentieth century adversaries will be represented by the secular existentialists especially the famous French trio of Sartre Beauvoir and Camus who sought to follow Nietzsche in philosophizing in light of the death of God And the arena of encounter will be the philosophy of religion more specifically questions relating to the nature and existence of God death and the meaning of life and the problem of evil The book argues that the existentialist critique of idealism enables an innovative as well as a more critical and adventurous approach that is sorely needed in philosophy of religion today Idealism after Existentialism will be of interest to scholars and advanced students working in the history of nineteenth and twentieth century philosophy and philosophy of religion **Camus, a Romance** Elizabeth Hawes, 2010-06-08 Elizabeth Hawes from the writing of her college honors thesis on Albert Camus began a forty year quest to create a portrait of Camus as a man and writer She chronicles her own experiences as she followed in his footsteps visiting the places in which he d lived and worked and meeting his friends and family This is the story of Camus himself and of the relationship between a reader and a beloved writer

Lyrical And Critical Essays Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable.
