Marsha Reservation Discrepancy Report

Guest Home Screen [] FB [] Rsrv [] Reports [] Marsha Reservation Discrepancy Report

This report can be run two different ways. The first way is to run all discrepancies. This would include all reservations that are currently causing discrepancies, and ones that could cause discrepancies in the future. The second way is to run by availability discrepancies only. This will show reservations that are currently causing discrepancies.

(Note: This report can be run on des and from the current date through K-Date. The report will default out for two weeks. Longer date spans will take longer time for the report to run.)

(Note: The * will help to denote where the discrepancy is)

(Note: This report should be run at least once per day. Once corrections have been made the discrepancy will fall off the report)

(Note: If there are no reservations on this report, that would indicate that reservations are in balance and the property should then run the Marsha Availability Variance Report)

Marsha Availability Variance Report

Guest Home Screen [] FB [] Rsrv [] Reports [] Marsha Availability Variance Report

This report will show a comparison of room inventory between FOSSE and MARSHA.

(Note: This report can be run on des and from the current date through K-Date. The report will default out for two weeks. Longer date spans will take longer time for the report to run.)

(Note: If there are no variance on this report then the hotel's inventory would be in balance)

(Note: Some hotels could intentionally have inventory in balance. E.g. over authorizing of regular room type to force upgrades at the hotel. You should check with your revenue manager before making any changes to your inventory levels.)
