Naked Hope English Edition:

Hope for the Oppressor Patrick Oden, 2019-07-26 The liberating work of God calls the oppressed out of oppression and the oppressor out of oppressing The challenge in seeking a thorough liberation of oppressors is to help them understand their need for freedom and how to seek this freedom in their own contexts Patrick Oden provides a holistic biblical historical and theological analysis that diagnoses the underlying motivations and inclinations that lead to oppression Part one addresses the context of oppression in which most participants in oppression do not actively seek to harm others but are caught up in systems that tend toward the diminishment of others Part two examines the biblical and early Christian response to oppression discovering a thread that avoids condemning participation in society generally while also cautioning the people of God about being co-opted by society Part three discusses how oppressors can withdraw from oppression through a constructive analysis of four contemporary theologians Wolfhart Pannenberg Jürgen Moltmann Sarah Coakley and Jean Vanier each of whom contributes to a widening vision of liberated and liberating life in which the once oppressed and former oppressor can find peace together in community

Thank You for Not Reading Dubravka Ugrešić,2003 In this collection of acerbic essays Ugresic dissects the nature of the contemporary book industry which she argues is so infected with the need to create and promote literature that will appeal to the masses literally to everyone that if Thomas Mann were writing nowadays his books wouldn t even be published in the U S because they re not sexy enough A playful and biting critique Ugresic s essays hit on all of the major aspects of publishing agents subagents and scouts supermarket like bookstores Joan Collins book fairs that have little to do with books authors promoted because of sex appeal instead of merit and editors trying to look like writers by having their photograph taken against a background of bookshelves Thanks to cultural influences such as Oprah The Today Show and Kelly Ripa best seller lists have become just a modern form of socialist realism a manifestation of a society that generally ignores literature in favor of the next big thing
