Democracy and Education in Namibia and Beyond Amukugo, Elizabeth M., 2017-07-19 The Namibian constitution makes full provision for education as a fundamental human right and freedom Three years into independence as part of the government's educational policy the Education for All Policy was launched as a stepping stone to free quality education However inequities have become widely pronounced within the Namibian educational system Democracy and Education in Namibia and beyond debates the education democracy nexus in Namibia and the southern African context It defines and explores the meaning of democracy and related concepts It also looks at what democracy means in the context of human rights and access to education The ten chapters in this collection interrogate the strengths and limitations of education as an instrument of social change and question whether or not the Namibian educational objectives and practices do develop and help to sustain a democratic culture in Namibia The authors in the collection have drawn material from their own teaching and research experience across the fields of education and social science in Namibia and beyond and present their findings in a pedagogical framework suitable as a challenging text for tertiary students At a time when education is in crisis especially in South Africa where strident calls for free tertiary education and Africanisation of the curriculum are spreading like wildfire this book gives scholarly insight into the history and social conditions that gave rise to our current predicament

Influence of Leadership Attributes of Head of Schools on Student Academic Performances Chelestino Mofuga, 2020-08-25 Doctoral Thesis Dissertation from the year 2020 in the subject Leadership and Human Resources Management Styles language English abstract This study aimed to assess the influence and contribution of leadership attributes of the head of Tanzania secondary schools on the students academic performance with particular focus on schools in Mbulu District in the Manyara Region The study identified four specific objectives namely to assess the influence and contribution of integrity inspiration competencies on students academic performance and to specify criteria for appointment of head of schools The study employed an explanatory and cross sectional design in collecting quantitative data using questionnaires administered on selected school teachers and secondary data was collected from a review of pertinent documents and from the internet The findings indicate that there is a significant relationship between the leadership attributes of heads of school and students academic performance Hence the study concluded that the integrity competency and inspirational outlooks of heads of schools influence students academic performances Broadsheets of results JSC (Grade 10) Namibia.
