Preface

The idea for this piece of literature came from the Narcotics Anonymous Fellowship itself. Beginning in the early 1970s, we began receiving Twelve Step guides and step worksheets along with requests that we develop a standard set of guides for the N.A. Fellowship to use in working through the Twelve Steps. Fellowship demand propelled this project up the N.A. World Service Conference Literature Committee's priority warrants, and finally resulted in the World Service Conference directing the WSO/LC to go ahead with the project in 1981/82.

The working title for this project for many years was the "Step Working Guides." However, we recognized that the word "writing" imposed a limitation on members who may be unable to write or may object to the act of writing as the means for working the Twelve Steps. Therefore, the title became the Step Working Guides.

Each chapter includes both narrative and questions. The narrative is meant to provide thought about the questions, but is not meant to be comprehensive. There is a difference in "voice" between the narrative and the questions. The narrative is written in the "we" voice in order to promote unity about what we all have in common: our addiction and recovery. The questions are written in the individual "I" voice so that each member using these guides can personalize the work. The Step Working Guide is a companion piece to *12 Steps: How and Why*. Thorough discussion of each of the Twelve Steps is contained in that work. Additional information about N.A. recovery can be found in other N.A. literature. If we find that any of the terms used in this book are
