

## Narrative Essay

The **purpose of a narrative** is to tell a story in which the writer talks about their feelings, thoughts, or actions. In narrative essays, the writer creates a story that will not only entertain the readers, but will have a concluding point or message. Because narrative essays are the telling of personal stories, the writer is able to be more creative with the structure and organization. However, there are certain guidelines that should be followed when writing a narrative.

### Structure and Organization

#### *Introduction*

The main idea of the narrative is established in the introductory paragraph. This is where a writer provides background information and presents it in a way that captures the readers' attention.

An introduction should also include a hook. This is an opening sentence written in the form of a quote or a description used to capture the reader's attention in the first paragraph.

In a neighborhood of well-groomed lawns, House 71 stood apart with its dusty cobwebs, dirty bricks, and creaky wooden porch.

A narrative's **thesis statement** is not exactly like the thesis statements used in argumentative or analytical essays. The thesis statement for a narrative essay does not necessarily need to outline the whole essay. Instead, it should be a sentence including one of two things: the overall theme of the narrative or a lesson learned.

Everybody thought that the woman who lived in House 71 was a witch, until one Halloween night when I uncovered her true nature.

#### *Body Paragraphs*

Narratives can be told in chronological order OR in the order of importance. Each paragraph should have a topic sentence that expresses the main idea of the paragraph. It is important that writers do not just list events or summarize experiences, but that they also explain what makes their experiences significant and how they relate to the essay's thesis statement. In addition, the writer should keep in mind that the narrative should be entertaining from beginning to end.

Below are some elements of the narrative essay that can help a writer create stronger body paragraphs.

1. **Dialogue:** Adding quotations that were part of a conversation can help bring a writer's experiences to life and show the personalities of key characters.

Narrative Across Media Marie-Laure Ryan, 2004-01-01 Narratology has been conceived from its earliest days as a project that transcends disciplines and media The essays gathered here address the question of how narrative migrates mutates and creates meaning as it is expressed across various media Dividing the inquiry into five areas face to face narrative still pictures moving pictures music and digital media Narrative across Media investigates how the intrinsic properties of the supporting medium shape the form of narrative and affect the narrative experience Unlike other interdisciplinary approaches to narrative studies all of which have tended to concentrate on narrative across language supported fields this unique collection provides a much needed analysis of how narrative operates when expressed through visual gestural electronic and musical means In doing so the collection redefines the act of storytelling Although the fields of media and narrative studies have been invigorated by a variety of theoretical approaches

this volume seeks to avoid a dominant theoretical bias by providing instead a collection of concrete studies that inspire a direct look at texts rather than relying on a particular theory of interpretation A contribution to both narrative and media studies *Narrative across Media* is the first attempt to bridge the two disciplines Moral Professionalism in Interaction Eija Hanhimäki, **The Pleasures of Death** Arthur Flannigan Saint-Aubin, 2020-12-09 The year 2019 marked the twenty fifth anniversary of the death of Kurt Cobain an artist whose music words and images continue to move millions of fans worldwide As the first academic study that provides a literary analysis of Cobain s creative writings Arthur Flannigan Saint Aubin s *The Pleasures of Death* Kurt Cobain s Masochistic and Melancholic Persona approaches the journals and songs crafted by Nirvana s iconic front man from the perspective of cultural theory and psychoanalytic aesthetics Drawing on critiques and reformulations of psychoanalytic theory by feminist queer and antiracist scholars Saint Aubin considers the literary means by which Cobain creates the persona of a young white heterosexual man who expresses masochistic and melancholic behaviors On the one hand this individual welcomes pain and humiliation as atonement for unpardonable sins on the other he experiences a profound sense of loss and grief seeking death as the ultimate act of pleasure The first person narrators and characters that populate Cobain s texts underscore the political and aesthetic repercussions of his art Cobain s distinctive version of grunge understood as a subculture a literary genre and a cultural practice represents a specific performance of race and gender one that facilitates an understanding of the self as part of a larger social order Saint Aubin approaches Cobain s writings independently of the artist s biography positioning these texts within the tradition of postmodern representations of masculinity in twentieth century American fiction while also suggesting connections to European Romantic traditions from the nineteenth century that postulate a relation between melancholy or depression and creativity In turn through Saint Aubin s elegant analysis Cobain s creative writings illuminate contradictions and inconsistencies within psychoanalytic theory itself concerning the intersection of masculinity masochism melancholy and the death drive By foregrounding Cobain s ability to challenge coextensive links between gender sexuality and race *The Pleasures of Death* reveals how the cultural politics and aesthetics of this tragic icon s works align with feminist strategies invite queer readings and perform antiracist critiques of American culture
