Mashed Potato Pizza

Introduction

My grandpa always tells me that people who laugh at their own mistakes will get everyone else to laugh along with them. Yesterday, I learned that he is right.

Beginning of the Story

“Stay in line,” Mrs. Martin said. I knew right away that my friend Naomi wouldn’t be able to cut. I looked at Naomi and frowned. Soon, the line began to move faster, and I followed along hoping that there would still be pizza.

When I reached the counter, I looked at the choices. I could only see chicken and mashed potatoes, macaroni and cheese, and fish. I could hear the rumbling of my very disappointed stomach.

Then, out of the corner of my eye, I saw one last piece of pepperoni pizza. I got so excited.

“Pepperoni pizza,” I said politely. Mrs. Martin handed me the pizza. I took the paper plate so quickly that the pizza slid off the plate. I tried to save it, but the pizza landed in the pan of hot, buttery mashed potatoes.

I could feel my face turning redder and redder. All I could hear was laughter from the kids in line.

As I looked at the upside-down pizza, I heard Mrs. Martin’s voice. “Maria, would you like a side of mashed potatoes with your pizza?”

I looked up and saw Naomi. She was laughing too. With a nervous smile, I said, “Of course.”

Mrs. Martin smiled and scooped the mashed potato pizza on my plate. I looked around at my friends, and we all laughed again.

I never really believed my grandpa until I saw my friends laughing with me. The laughing made me feel good instead of just clumsy.

Narrative Writing Samples For Safety:

Writing for Rights Patrice W. Glenn Jones, 2025-06-20 Writing for Rights is a basic writing workbook ideal for undergraduate instruction featuring lessons about writing that are presented in a context of social justice to engage even reluctant writers through a sensibility for equity and community action

Report Writing for Criminal Justice Professionals Larry S. Miller, John T. Whitehead, 2010-11-24 So much of the process of criminal justice depends on good documentation and criminal justice professionals can spend as much as 50-75% of their time writing up administrative and research reports. Much of the legal process depends on the careful documentation that records crucial information. And yet most of these law enforcement, security, corrections, and probation and parole officers have not had adequate training in how to provide a well-written, accurate, brief, and complete report. *Report Writing for Criminal Justice Professionals* provides practical advice on report writing with specific writing samples and guidelines. The authors go beyond the routine English grammar approach to deal with the difficult but often ignored problem of documentation that will hold up in court. Important concepts are emphasized with related checklists, forms, and pull-out chapter tests. The material is organized into three sections: The Nature of Report Writing, The Mechanics of Report Writing, and The Modernization of Report Writing. NEW TO THIS EDITION: Updated and revised with new material on forensics and scientific reports, crime reporting, common errors in forensic reports, and automation of report writing. Appendixes are thoroughly revised with new examples of reporting forms, worksheets, and reports, including a sample forensic lab report and presentence investigation report. Text complemented by numerous examples, sample reports, and tools. Each chapter concludes with a sample test for the reader to self-evaluate learning. Appendices include model reports, examples of agency instructions for completing report forms, and selected readings.

The Safety Trap Spencer Coursen, 2021-05-18 Threat management expert Spencer Coursen offers proactive strategies to protect yourself and your loved ones in the event of hostile encounters and emergency situations in *The Safety Trap: A Security Expert's Secrets for Staying Safe in a Dangerous World*. Despite what the news and social media would have you believe, we have never lived in a safer time than we are now. Unfortunately, we live under a false sense of security enforced by authorities that only alleviates fears without reducing risk. We have placed our personal safety and our responsibilities of guarding it into the hands of people trained only to respond to crises, not actively prevent them. Our blind faith in institutions to protect us has only dulled our natural survival instincts. The truth is that when we feel safest is actually when we are in the most danger. This is the paradox of *The Safety Trap*. When you don't expect danger, you simply fail to see the signs that something bad is about to happen. But the signs are always there, and staying safe is about training yourself to see them. It's easy to implement methods of maintaining vigilance, assessing risk, and taking preventative measures; you'll discover how to be alert without anxiety and know how to best protect and defend yourself on the job, in school, in public places, at home, and online. With Coursen's simple formula of Awareness, Preparation, Safety as your guide, as well as real-world examples of
