## Franchi Renaissance Manual:

Gendering the Renaissance Meredith K. Ray, Lynn Lara Westwater, 2023-04-14 The essays in this volume revisit the Italian Renaissance to rethink spaces thought to be defined and certain from the social spaces of convent court or home to the literary spaces of established genres such as religious plays or epic poetry Repopulating these spaces with the women who occupied them but have often been elided in the historical record the essays also remind us to ask what might obscure our view of texts and archives what has remained marginal in the texts and contexts of early modern Italy and why The contributors suggesting new ways of interrogating gendered discourses of genre identities and sanctity offer a complex picture of gender in early modern Italian literature and culture Read in dialogue with one another their pieces provide a fascinating survey of currents in gender studies and early modern Italian studies and point to exciting future directions in these fields

*The Renaissance Restored* Matthew Hayes, 2021-07-27 This handsomely illustrated volume traces the intersections of art history and paintings restoration in nineteenth century Europe Repairing works of art and writing about them the practices that became art conservation and art history share a common ancestry By the nineteenth century the two fields had become inseparably linked While the art historical scholarship of this period has been widely studied its restoration practices have received less scrutiny until now This book charts the intersections between art history and conservation in the treatment of Italian Renaissance paintings in nineteenth century Europe Initial chapters discuss the restoration of works by Giotto and Titian framed by the contemporary scholarship of art historians such as Jacob Burckhardt G B Cavalcaselle and Joseph Crowe that was redefining the earlier age Subsequent chapters recount how paintings conservation was integrated into museum settings The narrative uses period texts unpublished archival materials and historical photographs in probing how paintings looked at a time when scholars were writing the foundational texts of art history and how contemporary restorers were negotiating the appearances of these works The book proposes a model for a new conservation history object focused yet enriched by consideration of a wider cultural horizon

**Chianti Classico** Bill Nesto,Frances Di Savino,2016-09-20 This book tells the story of the ancient land named Chianti and the modern wine appellation known as Chianti Classico In 1716 Tuscany s penultimate Medici ruler Cosimo III anointed the region of Chianti along with three smaller areas in the Florentine State as the world s first legal appellations of origin for wine In the succeeding centuries this milestone was all but forgotten By the late nineteenth century the name Chianti rather than signifying this historic region and its celebrated wine identified a simple Italian red table wine in a straw covered flask In the twenty first century Chianti Classico emerged as one of Italy s most dynamic and fashionable wine zones Chianti Classico relates the fascinating evolution of Chianti as a wine region and reveals its geographic and cultural complexity Bill Nesto MW and Frances Di Savino explore the townships of Chianti Classico and introduce readers to the modern day winegrowers who are helping to transform the region The secrets of Sangiovese the principal vine variety of Chianti are also revealed as the book unlocks the myths and mysteries of one of Italy s most storied wine regions The publication of Chianti Classico coincides with the three hundredth anniversary of the Medici decree delimiting the region of Chianti on September 24 1716
