legislature and to manage risks and liability beyond the traditional limits of food businesses We see that litigation is no longer solely framed by legislative requirements but ever more by private standards such as GlobalGAP BRC IFS SQF and ISO These private standards incorporate public law requirements thus embedding them in contractual relations and exporting them beyond the jurisdiction of public legislators Other standards focus on corporate social responsibility or sustainability This book also addresses how private religious standards such as Kosher and Halal play a role in defining specific markets of growing importance It is noted that organic standards have found an interesting symbioses with public law Another development on this topic is that food businesses are inspected more often by private auditors than by public inspectors Effects in terms of receiving or being denied certification far outweigh public law sanctions In short private law has changed an entire legal infrastructure for the food sector It emerges as competing with the public law regulatory infrastructure This book is of interest to all who concern themselves with food law legislation and litigation and the evolving role of private standards on changing the landscape of food chains and innovation *FT Guide to Business Start Up 2021-2023* Sara Williams, 2021-11-16 Whether you re about to start your own business or have already taken the plunge and want to keep everything on track make sure you have a copy of The Financial Times Guide to Business Start Up on your shelf Regularly updated this edition covers all the latest legal and financial changes you need to be aware of following the Budget Everything you need to know to start up and run your business Comply with the most up to date financial tax and legal requirements How to fund your business whether through traditional channels or online platforms Discover how to develop your idea and refine your business model Build your online presence benefit from social media and advertise effectively online All you need to know to make your start up a success The Financial Times Guide to Business Start Up 2014 Sara Williams, 2013-11-18 Whether you re about to start your own business or have already taken the plunge and want to keep everything on track make sure you have a copy of The Financial Times Guide to Business Start Up on your shelf Annually updated this edition covers the latest legal and financial changes you need to be aware of following the 2013 Budget There s also essential new content on shaping up for the digital marketplace and how to develop your online presence benefit from social media and advertise effectively online This guide takes you through every important aspect of starting and running a business including developing your idea and getting financial backing recruiting staff building customer relationships sales marketing VAT and much more Everything you need to know to make your start up a success Business Franchise Guide Commerce Clearing House, 1980
