**Gazette Française**, 1926      *Françoise* Leo Tolstoy, This short story a reinterpretation of a French author's work offers a glimpse into Tolstoy's engagement with contemporary European literature. Its inclusion in his collected works points to his ongoing interest in exploring human experience through diverse narrative forms. *Françoise* or in Russian was written in 1890 or 1891 as a reworking of Guy de Maupassant's story *Port*. It was published in 1891. Tolstoy's work on *Françoise* amounted to revising a translation not made by him and writing a new ending to the story instead of the one found in Maupassant's version. Tolstoy's work on *Françoise* took place almost simultaneously with his adaptation of a passage from Maupassant's sketch *Sur l'eau* *On the Water* titled *It's Expensive* see below. The first mention of work on the translation of Maupassant's *Le port* is in a letter from Tolstoy to V. G. Chertkov dated October 19, 1890, postmark date. I am translating for you for Posrednik a story by Guy Maupassant of terrible strength and cynicism and of deep moral impact. I'll send it in the coming days. ACh. In his diary entry for October 23, 1890, made after an eight-day break, Tolstoy notes that during the time from the 15th to the 23rd he among other things corrected Guy Maupassant's story a wonderful one translated by A. M. The initials undoubtedly stand for A. M. Novikov, the Tolstoy family's tutor as seen from neighboring diary entries. Thus the words in the letter to Chertkov, I am translating the story should not be taken literally; that is, not in the sense that Tolstoy translated the story alone but that he participated in the translation, evidently giving Novikov instructions and reworking his translation. Subsequent diary entries mention work on both of Maupassant's stories. October 24: In the morning corrected and wrote down Guy Maupassant's stories. October 25: Corrected Maupassant's stories. October 26: Again corrected Maupassant. Around November 1 or on that day the translation of *Le port* and *It's Expensive* were sent to Chertkov in St. Petersburg. In a letter dated November 1, postmarked, Tolstoy wrote: Here are two stories by Maupassant; it would be good to print them as a separate little book. Perhaps you can arrange this. In response to a lost letter from Chertkov in which Chertkov proposed unknown considerations regarding publication, Tolstoy wrote to him on December 22 of the same year: Your plan regarding the placement of Guy de Maupassant is very good and proceed as such. The title should be changed. It could be *The Usual Pleasures of Young Men* or something of the sort. This critical reader's edition presents a modern translation of the original manuscript, crafted for the modern reader with clean contemporary language and simplified sentence structures that clarify his complex Russian phrasing and specific antiquated references. Supplementary material enriches the text with autobiographical, historical, and linguistic context, including an afterword by the translator on Tolstoy's personal history, impact, and intellectual legacy, an index of the philosophical concepts he employs emphasizing Existentialism and influence by Schopenhauer, a comprehensive chronological list of his published writings, and a detailed timeline of his life highlighting the personal relationships that shaped his philosophy.

*Mother Folly* Françoise Davoine, 2014-07-16 If your mentally ill patient dies are you to blame For Dr Fran oise Davoine a Parisian psychoanalyst this question becomes disturbingly real as one of her patients commits suicide on the eve of All Saints Day She herself has a crisis as she reflects on her thirty year career and questions whether she should ever return to the hospital But return she does and thus commences a strange voyage across several centuries and countries in which patients fools and the actors of medieval farces rise up from the past along with great thinkers who represent the author s own philosophical and literary sources the humanist Erasmus mathematician Ren Thom writer Antonin Artaud philosopher Ludwig Wittgenstein and physicist Edwin Schr dinger to name a few Imaginary dialogues ensue as the analyst conjures up an interconnected world where apiculture wondrous rituals theater and language games illuminate her therapeutic practice as well as her personal history Deeply affected by her voyage of discovery the author becomes capable of implementing the teachings of psychotherapist Gaetano Benedetti a mentor she visits at carnival time on a final fictional stopover in Switzerland His advice that the analyst become the equal of her patients and immerse herself in their madness so as to open up a space for treatment is premised on the belief that individual illness is a reflection and result of severe historical trauma *Mother Folly* which ends on a positive note is an important intervention in the debate about how to treat the mentally ill particularly those with psychosis A practicing analyst and a skilled reader of literary and philosophical texts Davoine provides a humane antidote to our increasingly mechanized and drug reliant system of dealing with fools and madmen *Valvèdre*

**Simone de Beauvoir's Fiction** Louise Renée, Alison Holland, 2005 This collection of essays brings an approach to Beauvoir studies and makes an important contribution to Beauvoir's writing practice in her novels and short stories and analysis the extent to which the meaning of her texts cannot be separated from the way they are written

**Derrida and Queer Theory** Christian Hite, 2017-05-26 Coming from behind derri re how else to describe a volume called Derrida and Queer Theory as if arriving late to the party or indeed after the party is already over After all we already have Deleuze and Queer Theory and of course Saint Foucault And judging by Annamarie Jagose's *Queer Theory An Introduction* in which there is not a single mention of Derrida or deconstruction even in the sub chapter titled *The Post Structuralist Context of Queer* one would think that Derrida was not only late to the party but was never there at all This untimely volume then with wide ranging essays from key thinkers in the field addresses among other things what could be called the disavowed debt to Derrida in canonical queer theory

**Excess and Transgression in Simone de Beauvoir's Fiction** Alison Holland, 2017-03-02 Alison Holland's innovative book fills a gap in Beauvoir studies by focusing on the writer's frequently neglected novels and short stories *L'Invit e* *Les Mandarins* *Les Belles Images* and *La Femme rompue* In illuminating the density and rich complexity of Beauvoir's style Holland challenges the often accepted view that Beauvoir's writing is flat detached and controlled revealing rather that her prose is frequently disrupted and inflected by forceful emotion Holland shows that excess and transgression are intrinsic qualities of the texts and argues that Beauvoir's textual strategies duplicate madness in her fiction Holland's reading of Beauvoir's fiction demonstrates the extent to which Beauvoir's fiction undermines an ideologically patriarchal position on language Her study is important not only for its re evaluation of Beauvoir as a fiction writer but for its contribution to the wider debate on madness and literature

Governing Passions Mark Greengrass, 2007-09-13 The French kingdom dissolved into civil wars known as the wars of religion for a generation from 1562 to 1598 This book examines the reactions of France's governing groups to that experience Their major political endeavour was securing peace They attempted to achieve it through a religious pluralism not envisaged in any other state on this scale in this period Its achievement would only be fulfilled however alongside a reform of the kingdom's institutions and society Peace and reform went hand in hand a moral agenda for restoration France's notables drew on reservoirs of classical and Christian moral philosophy and wisdom to find practical answers to the difficult problems of governance that confronted them The resulting public introspection and vocal debates are difficult to match anywhere else in Europe at this time They were an essential part of the profound sense of crisis that

France's governing elites experienced during the later sixteenth century. Drawing extensively on manuscript and printed sources not hitherto examined, this book analyses for the first time the debates at the Estates General of Blois 1576-7 and the Assembly of Notables at Saint Germain en Laye of 1583-4. It shows the French polity in a fresh light, presenting major issues of political thought in their public and practical context. And it re-examines the crucial and little understood reign of Henri III, the last Valois king, suggesting how Bourbon France could have emerged very differently from the civil wars of the late sixteenth century.

**Psychoanalysis and the family in twentieth-century France** Richard Bates, 2022-02-08. In the last quarter of the twentieth century if French people had a parenting problem or dilemma, there was one person they consulted above all: Françoise Dolto. 1908-88. But who was Dolto? How did she achieve a position of such influence? What ideas did she communicate to the French public? This book connects the story of Dolto's rise to two broader histories: the dramatic growth of psychoanalysis in postwar France and the long-running debate over the family and the proper role of women in society. It shows that Dolto's continued reputation in France as a liberal and enlightened educational thinker is at best only partially deserved, and that conservative and anti-feminist ideas often underpinned her prominent public interventions. While Dolto retains the status of a national treasure, her career has had far-reaching and sometimes harmful repercussions for French society, particularly in the treatment of autism.
