**Losing Our Language** Sandra Stotsky,2002 This book argues that it is the incorporation of a multicultural agenda into basal readers the primary tool for teaching reading in elementary schools that has stunted American children s ability to read The book shows how basal readers have been systematically dumbed down in an effort to raise minority students self esteem It contends that while elementary readers of the past featured excerpts from classic stories such as Arabian Nights and Robinson Crusoe with a complex vocabulary and sentence structure able to challenge the imagination and build reading skills today s basal readers present students with politically and ethnically correct stories whose language is virtually foreign and unable to engage students According to the book drawing words from Swahili Spanglish and other trendy dialects to teach students with a shrinking English vocabulary is a symptom of this intellectual and cultural disorder The book showcases interviews with teachers gives an in depth analysis of reading texts over the past 30 years and talks about how pressure groups have affected educational publishers It points out that literacy cultural and verbal gives all students but particularly those from poor or minority backgrounds personal independence and achievement and the ability to participate fully in civic life Each of the 11 chapters includes notes NKA      Leading for Learning Phillip C.
