Nuclear Diplomacy Bernd Kaussler, 2013-07-31 This book examines the dynamics of relations and the substance of the negotiations between the international community and Iran over the latter's nuclear programme Iran's nuclear programme and the alleged threat to international peace and security remains one of the most important issues in the United States as well as in European foreign affairs In the US Iran has dominated the political discourse for over three decades and Europe has spent considerable political capital in finding a diplomatic solution to Iran's nuclear ambitions While relations between both states remain subject to mutual hostility the EU remains a channel of communication and since 2003 has maintained a multilateral negotiation framework By and large the narrative on nuclear negotiations is dominated by constructivist and realist literature portraying relations between the US and Iran in ideological terms as a prolonged struggle for regional influence Embedded within conflict resolution and diplomatic theory this work attempts to bridge this gap Drawing upon primary documents and interviews the text examines negotiation behaviour and strategies and tools of statecraft as well as analysing technical aspects of initiatives concerning the nuclear programme This book will be of much interest to students of nuclear proliferation international diplomacy Middle Eastern politics security studies and IR in general Spiraling

Downward: Thinking About and Planning for Economic Collapse Peter Damaris, 2013-03-14 America has suffered two economic blows in less than a decade the collapse of the dot com bubble in 2000 and the collapse of the real estate bubble in 2007-2009 These blows have left the US struggling to stay on its feet Spiraling Downward considers the consequences if a still weak America took another hit another stock market crash and credit crunch Given unaddressed imbalances in the US economy an economic collapse is indeed possible This book charts a path that an economic collapse might take It starts with the anatomy of a market crash and a credit crunch It seeks to identify the danger zones from which another crash might arise It then looks at how a crash might shock an economy already weak into an unarrested downward spiral Spiraling Downward thus offers a way to think about the unthinkable At a time when conventional views of recession and recovery prevail this book asks us to consider a different proposition maybe this time it's different **Management, Information and**
