Today is a turning point in each of our lives. We have spent the past years wandering the halls of this great school and now we are ready to go on.

We have learned, laughed, loved, gotten into trouble, and most of all matured together. But today doesn't just concern reminiscing about the past; it's also about looking forward into our future.

Life is a series of passageways, and we are leaving one and moving on to the next. When we reach that daunting place next year that has been our destination for three years now, we will start over.

We will meet new people, make new friends, and learn new things. We will grow older, more responsible, and independent. Then, the cycle begins again in college, and after that, we are left to traverse the unmapped expanse that is our future.

Hereafter our lives will hold many surprises for us, but I'm sure that we will approach challenges with the same boldness and equanimity with which we tackle problems currently. The unknown of our future may seem frightening now, looming over us like a dark thundercloud, but we might find that it is just a light, spring rain that brings the tidings of a rainbow.

As I look over the many faces I behold today, perceptions of individuals are washed away. I no longer see people as they were; I see them as they will be. So, rather than a young boy, failing all his classes, I see the next Einstein, making revolutionary discoveries. I know that this amphitheatre holds the next decade's great business leaders, doctors, politicians, scientists, and stars, and that all of these graduates will contribute to the fabric of the future in some way.

So when looking at the bright horizon that is my future, I am happy. For although my life will contain sadness and heartbreak, it will also hold joy, love, and success. And I know my classmates' will too. So don't look back, and regret, my friends, look forward, and smile.

Headteacher Valedictory Speech:

Partnerships in Educational Development Iffat Farah, Barbara Jaworski, 2006-05-15 This book is about the development of one institution and its developmental work in education in south and central Asia and in east Africa the Institute for Educational Development IED at the Aga Khan University AKU in Karachi Pakistan. The IED came into being in 1993 and launched its first programme in 1994 an M Ed in teacher education. It recruited 20 teachers carefully selected from schools in Pakistan, east Africa, Tajikistan and Bangladesh. There should have been a teacher from India but sadly she was not granted a visa to come. These 20 teachers graduating from the M Ed course 18 months later were the first graduates from the IED. They became the first Professional Development Teachers (PDTs) working with schools and running short courses for other teachers at the IED. After three years of PDT work, some of these graduates were selected for Ph D studies overseas and are now doctoral graduates and central IED faculty. The wheel has come full circle. In the meantime the M Ed programme has flourished and developed with eight cohorts of selected teachers. The IED programmes have expanded in a variety of ways and in a variety of directions. Some are academic programmes educating teachers and educational managers in a university environment albeit with school focused work. Some are professional programmes located in the field albeit with theoretical elements perceived as central to the developmental process. The IED has attracted attention both nationally and internationally. In the countries listed above professional programmes have developed to run alongside the central IED operation. The IED's work has become visible to government agencies who from tentative initial investment are now looking towards the IED to work with them in the developmental field. Other countries have seen the results of the IED's work in the original countries and have asked to join the developmental enterprise. The IED now works with three countries in east Africa namely Kenya, Tanzania and Uganda, in Afghanistan, Syria and several central Asian countries including Tajikistan and Kyrgyzstan. There are possibilities of initiating work in other countries in the region. Perceived in such terms the IED's growth and influence reads like an educational developmental success story. And of course it is a success. But this is not to say that there are not many issues and problems to face in its day to day and decade to decade development. In 2003 the IED celebrated 10 years of operation. This was a time to celebrate and also to take stock of its achievements and issues. It has many impact programmes in place seeking to provide sound research evidence to document processes in learning and growth and issues that have to be addressed. One problem of rapid growth is that it is easy for the institute and its faculty to become overextended so that in depth review of programmes and outcomes is never achieved. Despite considerable overextension the IED is striving to avoid this danger. This book is a product of the 10 years of development. It had been hoped to complete it for the 10 year celebrations but as with other aspects of the IED it kept on growing. This volume tries to provide an account of development from a number of perspectives such as historical, chronological, issues based and honestly critical.

Many a Hard Nut S. Ganesan, 2011 *THE RENEGADE* RAMESH CHANDRA DASH, 2023-09-15 The meaning of

RENEGADE is a person who changes his religion and goes to another religion In this work renegade is used as a simile it means to say all men are renegades how All men are born innocent as children we are all innocent We do not know the outside world we are inwardly glad ourselves But as we grow up we know the world we feel joy at the outside world We come to know beauty we come to have ambition We come love and friendship and the like Thus when we enter life we are all renegades The story of the book involves the main character in love and friendship But he picks a bad friend and he brings great sadness and frustration in life to the point of heart stroke

Not Quite a Teacher Tom Bennett,2011-05-19 I will translate every acronym and portmanteau the panjandrums of education feel we can t live without I will tell you which mug to buy and where your biggest worries will come from Tom Bennett the Behaviour Guru There are many many teacher training books that claim to offer practical advice some of them are even useful There are also humorous books aimed at teachers claiming to offer a zany sideways look at our madcap world some of them even contain a joke This book although light in tone has a serious intent to reassure trainee and beginning teachers that are parachuted into difficult schools without anything like the right level of preparation Tom Bennett walks you through the training and initial teaching practice offering practical advice and wisdom from the more experienced vantage point of hindsight This double narrator style allows you to identify with the situation learn from the experience and then critically reflect on your own teaching journey But most importantly this is a teacher training guide disguised as something actually readable

How Stage Playwrights Saved the British Cinema, 1930-1956

David Cottis, 2024-12-26 Examines the film careers and work of British playwrights who worked as screenwriters between 1930-1956. During the period between the 1927 Cinematograph Films Act and the new drama of the 1950s, many British writers associated with the stage also wrote for films, bringing the techniques of the well-made play with them. Some like Bernard Shaw, Noel Coward, and Terence Rattigan were screenwriter stars; part of the publicity of the films they worked on. *Pygmalion*, *Brief Encounter*, *The Way to the Stars*. Others were less celebrated but had long successful screen careers, such as R. C. Sherriff, author of *Journey's End*, who worked on films as different as *The Invisible Man*, *The Four Feathers*, and *The Dam Busters*. Using the authors' original archives, this book follows the way in which these writers adapted their stage skills for the screen, contributing to the post-war Golden Age of the British cinema and creating the classic form of screenplay that continues today. *Captain*, 1909. Modern British Drama on Screen R. Barton Palmer, William Robert Bray, 2013-12-05

This collection of essays offers the first comprehensive treatment of British and American films adapted from modern British plays. Offering insights into the mutually profitable relationship between the newest performance medium and the most ancient. With each chapter written by an expert in the field, *Modern British Drama on Screen* focuses on key playwrights of the period, including George Bernard Shaw, Somerset Maugham, Terence Rattigan, Noel Coward, and John Osborne, and the most significant British drama of the past century, from *Pygmalion* to *The Madness of George III*. Most chapters are devoted to single plays and the transformations they underwent in the move from stage to screen. Ideally suited for classroom use, this book offers a semester's worth of introductory material for the study of theater and film in modern Britain, widely acknowledged as a world center of dramatic productions for both the stage and screen. *Doctor Goebbels* Heinrich

Fraenkel, Roger Manvell, 2010-09-06 As a leader of the twentieth century's most evil regimes, Joseph Goebbels' legacy is his work constructing the mythic image of Adolf Hitler during his rise to power and his catastrophic rule of Germany. In *Doctor Goebbels*, Roger Manvell and Heinrich Fraenkel reveal the man behind the Nazi propaganda machine, beginning with his idyllic childhood in Germany and ending in a dramatic death by suicide in the Führer bunker in 1945. Part biography and part horror, Manvell and Fraenkel delve deep into the mystery shrouding one of Hitler's most evil henchmen. Using information from his own unpublished diary and first-hand accounts from the Nuremberg Trials, from Goebbels' sister Maria, and from the fiancée of his youth, Else Goebbels, the carefully crafted character is ripped apart to reveal a boy determined to overcome youthful disabilities and prove his devotion and dedication to his country. *Doctor Goebbels* delivers the kind of detail that only true scholarship can provide. Written with flair and polished with precision, this account is sure to leave readers shocked and surprised at the life of the Führer's Minister of Hate.
