One Day I Shall Astonish the World Nina Stibbe, 2022-05-03 From the beloved author of *Love Nina*, a frank, tender and poignantly funny story about the ebb and flow of female friendship over half a lifetime. Susan and Norma have been best friends for years, at first thrust together by force of circumstance, a job at The Pin Cushion, a haberdashery shop in 1990s Leicestershire, and then by force of character, neither being particularly inclined to make friends with anyone else. But now, thirty years later, faced with a husband seeking immortality and Norma out of reach on a wave of professional glory, Susan begins to wonder whether she has made the right choices about life, love, work and most importantly, friendship. Nina Stibbe's new novel is the story of the wonderful and sometimes surprising path of friendship from its conspiratorial beginnings along its irritating wrong turns to its final gratifying destination.

Now, for the first time, she is going to tell her story. And it is one that will strike a chord with women everywhere. Life as a child was not always easy, and she faced private and public challenges with her personal life, appearance and her career as she climbed the ladder to fame. Now a full-time working mum with a very happy marriage to her second husband, Phil Vickery, she is at the top of her game and ready to tell it like it is. So put your feet up and get ready for a great read with Fern Britten. Fern Britten grew up in Buckinghamshire and started her career on *Westward*.

Mother Trouble Miranda J. Brady, 2024-10-01 Mother Trouble traces white maternal angst in popular culture across a span of more than fifty years from the iconic Rosemary's Baby to anti vaxx mom memes and HGTV shows The book narrows in on popular media to think about white maternal angst as a manifestation of feminism's unrealized possibilities and continued omissions since the second wave It interrogates intersecting systems of power which make mothers and their children the most impoverished people in the world and urges a greater appreciation in academic and popular thinking of the work that mothers do The book calls for an analytical expansion beyond gender to better address the erasure of reproductive labour and especially that performed by migrants and people of colour It illustrates the continued marginalization of racialized mothers and the disproportionate amount of labour performed by all mothers in a society where their work is devalued Ultimately Mother Trouble reveals how the unease around white motherhood in the media has become a proxy for the troubles faced by all mothers

matlab code for pipe flow cfd online discussion forums - Nov 07 2022

web jul 6 2011 2d flow of 2 parallel plates is not the same as flow through a pipe take for instance permeability of the pipe plates in case of a pipe $k_r = 2.8$ where for 2 plates $k_r = 2.3$ so be careful interpreting your results from the 2d simulation i would also suggest you go to cylindrical coordinates if you really want to simulate pipeflow good
