Forensic Fictions Jay Watson, 2008-11-01 *Forensic Fictions* is the first book length critical study of William Faulkner s fictional depictions of the legal vocation and the practice of law Examining Faulkner s lawyer characters in light of the southern storytelling tradition Jay Watson argues that the forensic competence of the Faulknerian lawyer is a direct function of his skill as a raconteur To trace the biographical and historical roots of Faulkner s lifelong preoccupation with the legal profession Watson draws on contemporary scholarship in narrative rhetoric jurisprudence legal and intellectual history literary theory and Lacanian psychoanalysis His approach yields insightful readings of forensic characters and scenes from such works as *An Odor of Verbena* *The Hamlet* *Wild Palms*

Absalom Absalom and The Reivers Watson shows the links between storytelling and the competence of Faulkner's legal characters by examining the intertextual logic that connects the two most important lawyers in the Yoknapatawpha fiction the incompetent Horace Benbow and the more capable Gavin Stevens whose entrance into Faulkner's oeuvre coincides with Benbow's untimely departure from it Focusing on the nine novels in which these two characters appear Watson traces the evolutionary process by which Stevens supplants Benbow Three of the Stevens novels Intruder in the Dust Knight's Gambit and Requiem for a Nun from what Watson calls Faulkner's forensic trilogy and when read together constitute the writer's most sustained investigation of the rhetorical and ethical responsibilities of the lawyer citizen Faulkner Watson argues saw the forensic figure as a potential hybrid of homo loquens and homo politicus capable of combining the roles of storyteller rhetorician and theatrical performer with those of critic citizen and ethical man As such this figure served as a provocative authorial surrogate through whom Faulkner could explore diverse and often contradictory aspects of his personal experience his family background his cultural heritage and most of all his own artistic use of language

Death Investigation in America Jeffrey M Jentzen, 2010-02-15 Why is the American system of death investigation so inconsistent and inadequate In this unique political and cultural history Jeffrey Jentzen draws on archives interviews and his own career as a medical examiner to look at the way that a long standing professional and political rivalry controls public medical knowledge and public health
