The Enemy

Pearl S. Buck

Before you Read

It is the time of the World War. An American prisoner of war is washed ashore in a dying state and is found at the doorstep of a Japanese doctor. Should he save him as a doctor or hand him over to the Army as a patriot?

Dr Sadao Hoki's house was built on a spot of the Japanese coast where as a little boy he had often played. The low, square stone house was set upon rocks well above a narrow beach that was outlined with bent pines. As a boy Sadao had climbed the pines, supporting himself on his bare feet, as he had seen men do in the South Seas when they climbed for coconuts. His father had taken him often to the islands of those seas, and never had he failed to say to the little brave boy at his side, "Those islands yonder, they are the stepping stones to the future for Japan."

"Where shall we step from them?" Sadao had asked seriously.

"Who knows?" his father had answered. "Who can limit our future? It depends on what we make it."
