Baker,Jeffrey Bilbro,2017-06-13 Why the university should focus on community An enlightening interpretation of Wendell Berry s philosophy for the pursuit of a holistic higher education Publishers Weekly Prominent author and cultural critic Wendell Berry is well known for his contributions to agrarianism and environmentalism but his commentary on education has received comparatively little attention Yet Berry has been eloquently unmasking America s cultural obsession with restless mobility for decades arguing that it causes damage to both the land and the character of our communities The education system he maintains plays a central role in this obsession inculcating in students minds the American dream of moving up and moving on Drawing on Berry s essays fiction and poetry Jack R Baker and Jeffrey Bilbro illuminate the influential thinker s vision for higher education in this path breaking study Each chapter begins with an examination of one of Berry s fictional narratives and then goes on to consider how the passage inspires new ways of thinking about the university s mission Throughout Baker and Bilbro argue that instead of training

students to live in their careers universities should educate students to inhabit and serve their places The authors also offer practical suggestions for how students teachers and administrators might begin implementing these ideas Baker and Bilbro conclude that institutions guided by Berry s vision might cultivate citizens who can begin the work of healing their communities graduates who have been educated for responsible membership in a family a community or a polity **The Golden Chance** Jayne Ann Krentz,2005 **What the Wine-sellers Buy Plus Three** Ron Milner,2001 The four Milner plays collected here Checkmates What the Wine Sellers Buy Jazz Set and Urban Transition are characterized by their attention to African American social and psychological culture Francophone Cultures and Geographies of Identity Zsuzsanna Fagyal,H Adlai Murdoch,2014-07-03 This collection of original essays challenges French centered conceptions of francophonie as the shaping force of the production and study of the French language literature culture film and art both inside and outside mainland France The traditional view of francophone cultural productions as offshoots of their hexagonal avatar is replaced by a pluricentric conception that reads interrelated aspects of francophonie as products of specific contexts conditions and local ecologies that emerged from post colonial encounters with France and other colonizing powers The twenty one papers grouped into six thematic parts focus on distinctive literary linguistic musical cinematographic and visual forms of expression in geographical areas long defined as the peripheries of the French speaking world the Caribbean the Indian Ocean the Maghreb sub Saharan Africa Quebec and hexagonal cities with a preponderance of immigrant populations These contested sites of French collective identity offer a rich formulation of distinctly local francophone identities that do not fit in with concepts of linguistic and ethnic exclusiveness but are consistent with a pluralistic demographic shift and the true face of Frenchness that is indeed plural *Her Last Breath* Linda Castillo,2013-06-18 An extraordinarily beautiful Amish woman a dangerous femme fatale is the central figure in a story that reveals a dark side of Painters Mill and its seemingly perfect Amish world A rainy night an Amish father returning home with his three children a speeding car hurtling toward them out of nowhere What at first seems like a tragic but routine car accident suddenly takes on a more sinister cast as evidence emerges that nothing about the crash is accidental But who would want to kill an Amish deacon and two of his children He leaves behind a grieving widow and a young boy who clings to life in the intensive care wing of a hospital unable to communicate He may be the only one who knows what happened that night Desperate to find out who killed her best friend s husband and why Kate begins to suspect she is not looking for a reckless drunk but instead is on the trail of a cold blooded killer amid the residents of Painter s Mill It is a search that takes her on a chilling journey into the darkest reaches of the human heart and makes her question everything she has ever believed about the Amish culture into which she was born **Wallace's Year-book of Trotting and Pacing in** ,1907 **Once a Week** Eneas Sweetland Dallas,1867 **Outlook** Alfred Emanuel Smith,Francis Walton,1875 *The Secret Spiritual World of Children* Tobin Hart,2003 Combining firsthand accounts of secret spiritual lives including recollections from adults who have forgotten or
