Corporate Insolvency Law Vanessa Finch, 2009-05-28 This interdisciplinary examination of corporate insolvency law assesses recent reforms and anticipates new legislation

Engineering, 1895

The Sophists in Plato's Dialogues David D. Corey, 2015-05-05 Draws out numerous affinities between the sophists and Socrates in Plato's dialogues Are the sophists merely another group of villains in Plato's dialogues no different than amoral rhetoricians such as Thrasymachus Callicles and Polus Building on a wave of recent interest in the Greek sophists *The Sophists in Plato's Dialogues* argues that contrary to the conventional wisdom there exist important affinities between Socrates and the sophists he engages in conversation Both focused squarely on aret virtue or excellence Both employed rhetorical techniques of refutation revisionary myth construction esotericism and irony Both engaged in similar ways of minimizing the potential friction that sometimes arises between intellectuals and the city Perhaps the most important affinity between Socrates and the sophists David D Corey argues was their mutual recognition of a basic epistemological insight that appearances phenomena both physical and intellectual were vexingly unstable Such things as justice beauty piety and nobility are susceptible to radical change depending upon the angle from which they are viewed Socrates uses the sophists and sometimes plays the role of sophist himself in order to awaken interlocutors and readers from their dogmatic slumber This in turn generates wonder thaumas which according to Socrates is nothing other than the beginning of philosophy
