Wolner,2011-06-15 When championing the commercial buildings and homes that made the Windy City famous one can t help but mention the brilliant names of their architects Daniel Burnham Louis Sullivan and Frank Lloyd Wright

among others But few people are aware of Henry Ives Cobb 1859 1931 the man responsible for an extraordinarily rich chapter in the city's turn of the century building boom and fewer still realize Cobb's lasting importance as a designer of the private and public institutions that continue to enrich Chicago's exceptional architectural heritage Henry Ives Cobb's Chicago is the first book about this distinguished architect and the magnificent buildings he created including the Newberry Library the Chicago Historical Society the Chicago Athletic Association the Fisheries Building for the 1893 World's Fair and the Chicago Federal Building Cobb filled a huge institutional void with his inventive Romanesque and Gothic buildings something that the other architect giants occupied largely with residential and commercial work did not do Edward W. Wolner argues that these constructions and the enterprises they housed including the first buildings and master plan for the University of Chicago signaled that the city had come of age that its leaders were finally pursuing the highest ambitions in the realms of culture and intellect Assembling a cast of colorful characters from a free wheeling age gone by and including over 140 images of Cobb's most creative buildings Henry Ives Cobb's Chicago is a rare achievement a dynamic portrait of an architect whose institutional designs decisively changed the city's identity during its most critical phase of development

Redemption and Renewal Paul Laverdure, 1996-09-18 This history of the personalities institutions ideas and Canadian missions that formed the Redemptorists of English Canada is written to commemorate the 300th anniversary of the birth of their founder Alphonsus Liguori a doctor of the Church and patron saint of moralists and confessors While challenged and changing with Canada itself the Redemptorists created a distinctive English Canadian Catholic organization set apart from French Canadian and American models
