**Edward M. Almond and the US Army** Michael E. Lynch,2019-10-15 This study presents a comprehensive look at a complex man who exhibited an unfaltering commitment to the military and to his soldiers but whose career was marked by controversy As a senior Army officer in World Wars I and II Lt Gen Edward M Almond lived by the adage that units don t fail leaders do He was chosen to command the 92nd Infantry Division one of only two African American divisions to see combat during WWII but when the infantry performed poorly in Italy in 1944 1945 he asserted that it was due to their inferiority as a race and not their maltreatment by a separate but unequal society He would later command the X Corps during the Inchon invasion that changed the course of the Korean War but his accomplishments would be overshadowed by his abrasive personality and tactical mistakes This book addresses how Almond s early education at the Virginia Military Institute with its strong Confederate and military influences shaped his military prowess Presented is a thorough assessment of Almond s military record how he garnered respect for his aggressiveness courage in combat strong dedication and leadership and how he was affected by the loss of his son and son in law in combat during WWII Following the war Almond would return to the US to assume command of the US Army War College but would find himself unprepared for a changing world This volume asserts that since his death his bigoted views have come to dominate his place in history and undermine his military achievements      Serials Holdings Linda Hall Library,1989      Technical Memorandum ,1953 Chiefly translations from foreign aeronautical journals      *Fighting Churchill, Appeasing Hitler* Adrian Phillips,2019-12-03 Appeasement failed in all its goals The kindest thing that can be said of it is that postponed World War II by one year Its real effect was to convince Hitler and Mussolini that Britain was weak and afraid of confrontation encouraging them to ever greater acts of aggression Chamberlain and Wilson blindly pursued bilateral friendship between Britain and the dictators and ferociously resisted

alternative policies such as working with France the Soviet Union or the U S to face down the dictators They resisted all out rearmament which would have put the economy on a war footing These were all the policies advocated by Winston Churchill the most dangerous opponent of appeasement Neither Chamberlain nor Wilson had any experience of day to day practical diplomacy Both thought that the dictators would apply the same standards of rationality and clarity to the policies of Italy and Germany that applied in Britain They could not grasp that Fascist demagogues operated in an entirely different way to democratic politicians The catastrophe of the Chamberlain Wilson appeasement policy offers a vital lesson in how blind conviction in one policy as the only alternative can be fatally damaging
