Set the DOLBY NR Switch to "ON" when you play back a recorded tape made under the DOLBY System, or when you make recording under it. This System is international, and recordings made under it can be reproduced by any cassette tape deck equipped with the same System, regardless of its make.

#### ② Monitor Switch:

The input signals from the sound source can be directly monitored by adjusting the sound volume with the Line Input/Mic Input Controls.

#### Tape

To play back a recorded tape, set the Switch to "Tape".
