**MAVA Math** Marla Weiss,2008-08 Living My Dream is a true to life story The author takes us step by step through the events of his life from childhood in a tiny village of Greece to retirement in the USA and beyond Occasionally throughout the book and in his epilogue he allows us to take a peek at his personal philosophy regarding God truth justice science and our universe in general Here he introduces unconventional yet convincing ideas to support his philosophy Most noticeable however is his candid and clear recounting of the events of poverty and hardship throughout his youth At times the story becomes almost incredible and we cannot help wonder whether or not those conditions existed indeed in the 1940s and 1950s when he grew up and attended high school or at the time he worked and attend college at the same time As a child and as a teenager he lived through two civil wars and during the German occupation of the land that left him with lasting memories related to those dreadful events He witnessed the worst form of human brutality perpetuated by men against their fellow men and he was the onlooker of death and destruction of property at the time he was trying to receive his elemental and high school education He was not able or was not allowed to quench his thirst for higher education in Greece and against all odds he migrated to the USA to satisfy the desire for his college education Without financial support and ignorant of the English language he arrived in Chicago in 1959 and fought to finance his schooling and to receive his BA He has been a member of

the Food Technology Institute recognized by Who's Who in America and in addition to being chemist he became Packaging Engineer by attending the packaging school of Michigan State University Living My Dream is truly a compelling story narrating the life story of a young man who struggles to survive and to receive his education under unfavorable social climate His life story is intertwined with his dream to accomplish things in life regardless of the obstacles that presented themselves along the way and is the incarnation of what he believes Everything is possible if you have the desire provided your expectations from yourself are real he says To say the least his narrative makes us appreciate all the freedoms and opportunities our democratic system offers to all of us things we are taking for granted **The National Curriculum**
