Teaching and Assessing Writing in the Primary School Eithne Kennedy, Gerry Shiel, 2025-02-10 The capacity to write well is fundamental to success in school and beyond Yet many children struggle to become proficient writers Teaching and Assessing Writing in the Primary School provides a comprehensive guide to the theory practice and pedagogical research behind teaching children to write Supported by case studies and real world examples of teaching and learning writing in the classroom this practical book proposes a whole school research informed writing framework that engages children while building their writing skills Readers will benefit from building their knowledge of the theory and research behind learning how to write successfully while discovering how they may apply this effectively to their classroom practice Firmly grounded in the theory of writing and with clear links to practical application chapters explore Effective pedagogies for teaching children aged 4 12 how to write The planned and received curriculum for writing including a whole school approach Formative and summative assessment of writing in the classroom Designing and organising a Writing Workshop for pupils Practical implementation of mini lessons to support writing Supporting the needs of diverse writers

within our schools Filled with strategies for teaching this practical and engaging book will be an essential resource for anyone working within primary schools including classroom teachers both new and more experienced teaching assistants subject leaders literacy coordinators and senior leadership Developing Literacy in the Primary Classroom Gary Woolley, 2014-06-09 Primary literacy involves many different learning processes which can make it challenging to teach particularly in diverse classroom environments Combining an examination of theory and research with practical case studies and real examples of teaching practice this book shows trainee and early career teachers how to engage and motivate children to develop a range of primary English skills Chapters incorporate broader aspects of primary teaching such as active learning self regulation and assessment and activities and discussion points explore how to apply important principles to your own teaching Drawing from international research and aware of policy developments in different countries the book covers key topics on primary teacher education courses including The foundations of reading writing and oracy skills Planning assessment and classroom organisation Using new technologies and social media as tools for learning Engaging with the literacy needs of diverse learners This is essential reading for students on university based and school based courses preparing to teach in primary education and early career teachers seeking to continue their professional learning Dr Gary Woolley is senior lecturer at the University of the Sunshine Coast Australia **A Theory of Narrative** Alojzija Zupan Sosič, 2022-09-08 Relying on the structure and methodology of classical and postclassical narratology this book explores the phenomena of story and narrative narrator focalization character time and space as well as the beginning and the ending of a narrative It upgrades the theory of the unreliable narrator and introduces three new categories that have until now been exclusively used to refer to unreliable narrators namely commentators interpreters and evaluators **Topography of a Method** Henning Trüper, 2014-09-11 What does the practical work of writing contribute to historical writing What does it mean for historical knowledge that it is inescapably written Henning Truper explores quotidian practices of writing as constituting the working life of a historian the Belgian mediaevalist Francois Louis Ganshof 1895 1980 The argument draws on a large variety of texts and writing situations so as to discuss across the fault lines of twentieth century historiography shifting patterns of methodological discourse procedures of historicisation the making of scholarly sociability in writing practice and finally the actual writing of historical text Ganshof the historian whether as author reader teacher student polemic diplomat witness or mere voice on the radio remained bound to paperwork an ensemble of small scale routines and makeshift solutions that ultimately lacked a central steering agency The nexus between historical knowledge and paperwork was indissoluble **Jesus' Farewell to the Disciples** Tolmie, 2021-08-30 Jesus Farewell to the Disciples continues and intensifies the quest for uncovering the full potential of narrative criticism of the Fourth Gospel by means of a narratological analysis of John 13 1 17 26 After a discussion of theoretical issues the author selects a particular narratological model This is discussed in detail and then utilised for a systematic analysis of John 13 1 17 26 The results of the analysis are integrated in

order to indicate the way in which a particular perspective on discipleship is presented in these chapters This book is important for scholars who are interested in the application of narrative criticism to biblical texts as well as in the Johannine perspective on discipleship

Narrative and Media Rosemary Huisman, Julian Murphet, Anne Dunn, 2006-01-26 Narrative and Media first published in 2006 applies narrative theory to media texts including film television radio advertising and print journalism Drawing on research in structuralist and post structuralist theory as well as functional grammar and image analysis the book explains the narrative techniques which shape media texts and offers interpretive tools for analysing meaning and ideology Each section looks at particular media forms and shows how elements such as chronology character and focalization are realized in specific texts As the boundaries between entertainment and information in the mass media continue to dissolve understanding the ways in which modes of story telling are seamlessly transferred from one medium to another and the ideological implications of these strategies is an essential aspect of media studies

Organising Waste in the City Zapata, María José, Hall, Michael, 2013-05-30 This book offers a critical perspective on the issue of organising waste in cities which has often been positioned in terms of relatively narrow engineering economic and physical science approaches It emphasises the ways in which the notion of waste and the narratives and discourses associated with it have been socially constructed with corresponding implications for waste governance and local waste handling practices Organising waste in the city takes a broad and international approach to the ways in which the issue of waste is framed and brings together narratives from cities as diverse as Amsterdam Bristol Cairo Gothenburg Helsingborg and Managua Organised into four main sections and with an integrative introduction and conclusion the book not only provides new insights into the hidden stories of urban and municipal household solid waste and waste landscapes but also connects concerns regarding urban waste to such issues as globalisation governance urban ecology and social economic and environmental justice

Through the Models of Writing D. Alamargot, L. Chanquoy, 2012-12-06 This book provides both young and senior scientists with a comparative view of current theoretical models of text production Models are clearly situated in their historical context scrutinized in their further evolution with a fine grained observation of differences between models Very complete and informative to read this book will be useful to people working in teaching of writing or studying this specific human activity

Message and Medium Caroline Tagg, Mel Evans, 2020-06-08 Studies of digital communication technologies often focus on the apparently unique set of multimodal resources afforded to users and the development of innovative linguistic strategies for performing mediatised identities and maintaining online social networks This edited volume interrogates the novelty of such practices by establishing a transhistorical approach to the study of digital communication The transhistorical approach explores language practices as lived experiences grounded in historical contexts and aims to identify those elements of human behaviour that transcend historical boundaries looking beyond specific developments in communication technologies to understand the enduring motivations and social concerns that drive human communication The volume reveals long term

patterns in the indexical functions of seemingly innovative written and multimodal resources and the ideologies that underpin them and shows that methods are not necessarily contingent on their datasets historical analytic frameworks can be applied to digital data and newer approaches used to understand historical data These insights present exciting opportunities for English language researchers both historical and modern

Organising Modernity John Law, 1993-12-08 In this important theoretical and empirical statement John Law argues against the purity of post enlightenment political and social theory and offers an alternative post modern sociology Arguing in favor of a sociology of verbs he suggests that power organizations mind body dualisms and macro micro distinctions may all be understood as the local performance of recursive modes of social ordering Drawing on a range of theoretical traditions including actor network theory verstehende sociology and the writing of Michel Foucault he explores the production of materials including agents and architectures and their importance for these modes of ordering The book which draws on organizational ethnography to develop its argument is essential reading for all those interested in social theory materialism or the sociology of organizations at the end of the era of high modernity

Modelling Exciting Writing Adam Bushnell, Rob Smith, David Waugh, 2018-10-29 This book focuses on writing in different aspects of the curriculum and provides guidance case studies and theoretical perspectives to show readers how they can become writers with and for children It demonstrates how to write and model writing for children and includes many examples of good classroom practice in this area

Understanding and Teaching Reading Comprehension Jane Oakhill, Kate Cain, Carsten Elbro, 2014-08-21 The ultimate aim of reading is not the process but to understand what we read and comprehension can take place at many different levels There has been an increasing emphasis on the importance of reading comprehension in recent years but despite this there is very little written on this vital topic accessible to trainee and practicing teachers The Handbook of Reading Comprehension presents an overview of recent findings on reading comprehension and comprehension problems in children It provides a detailed examination of the characteristics of children who have reading comprehension difficulties and examines ways in which comprehension can be supported and improved It is accessibly written for students and professionals with no previous background in the psychology of reading or reading problems This indispensable handbook asks the question what is comprehension The authors consider comprehension of different units of language understanding single words sentences and connected prose and outline what readers and listeners have to do to successfully understand an extended text This book also considers comprehension for different purposes in particular reading for pleasure and reading to learn and explores how reader characteristics such as interest and motivation can influence the comprehension process Different skills contribute to successful reading comprehension These include word reading ability vocabulary knowledge syntactic skills memory and discourse level skills such as the ability to make inferences knowledge about text structure and metacognitive skills The authors discuss how each one contributes to the development of reading comprehension skill and how the development of these skills or their precursors in pre readers

provides the foundation for reading comprehension development Areas covered include Word reading and comprehension Development of comprehension skills Comprehension difficulties Assessment Teaching for improvement Throughout the text successful experimental and classroom based interventions will be highlighted practical tips for teachers and summary boxes detailing key points and explaining technical terms will be included in each chapter **Multimodal Intelligent**
