Fables Tome I Version Illustreacutee:

The Fables of la Fontaine Jean de La Fontaine, 2017-01-19 The Fables of La Fontaine Jean de La Fontaine COMPLETE 12 BOOKS IN 1 Translated from the French by Elizur Wright With Notes by J W M Gibbs The Fables of Jean de La Fontaine were issued in several volumes from 1668 to 1694 They are classics of French literature The first edition of this translation of La Fontaine s Fables appeared in Boston U S in 1841 It achieved a considerable success and six editions were printed in three years Since then it has been allowed to pass out of print except in the shape of a small type edition produced in London immediately after the first publication in Boston and the present publishers have thought that a reprint in a readable yet popular form would be generally acceptable The translator has remarked in the Advertisement to his original edition which follows these pages on the singular neglect of La Fontaine by English translators up to the time of his own work Forty years have elapsed since those remarks were penned yet translations into English of the complete Fables of the chief among modern fabulists are almost as few in number as they were then Mr George Ticknor the author of the History of Spanish Literature and since Mr Wright so happily accomplished his self imposed task there has been but one other complete translation viz that of the late Mr Walter Thornbury This latter however seems to have been undertaken chiefly with a view to supplying the necessary accompaniment to the English issue of M Dor s well known designs for the Fables first published as illustrations to a Paris edition and existing as it does only in the large quarto form given to those illustrations it cannot make any claim to be a handy volume edition Mr Wright s translation however still holds its place as the best English version and the present reprint besides having undergone careful revision embodies the corrections but not the expurgations of the sixth edition which differed from those preceding it The notes too have for the most part been added by the reviser One Hundred Fables with illustrations ... A new edition in three languages by J. H. H. Neue Ausgabe ... von F. Franke. Nouvelle édition ... par Ad. Dupuy J. H. Hedley, Adolphe DUPUY, Felix FRANKE (of Sorau.), 1845 **Aesop's Fables Illustrated by Ernest Griset** Larry Bryant Glisson, Aesop, 2011-06-01 Aesop s Fables Illustrated by Ernest Griset is a colorized book and eBook The original nineteenth century engravings were collected from obscure historical sources digitally enhanced to restore and improve quality and finally they were carefully colorized to bring them to life for modern readers In the eBook version the over 150 illustrations will display as either shades of gray or full color depending on the limitations of your eBook reader Needless to say this eBook will be fully ready for any upcoming color Kindle reading devices Compared to other similar books and eBooks Aesop s Fables Illustrated by Ernest Griset excels in many areas beautiful illustrations with detail and great expression of character in the animals a large number of 160 Fables archaic language has been rewritten in modern English suggested Morals are included after each Fable an introduction with a brief summary about the life of Aesop and the history of the Fables In an era when lack of personal responsibility and self sufficiency are common social problems we owe it to those we care about to provide instruction and direction Written for adults and older children Aesop s Fables

Illustrated by Ernest Grisct gently imparts common sense critical thinking skills and ethics From the Introduction Fables are narratives or stories designed to teach lessons The characters typically are animals which have certain characteristics associated with them that remain relatively consistent from story to story e g foxes are cunning The narratives themselves should be simple enough that readers are not distracted by minor details and the moral lessons should be so plain that there is little doubt as to meaning Another element which dates back to many of the earliest known fables is the inclusion of humor or jest When compared to fables parables are more direct in the human lessons they attempt to teach and they generally include more human characters instead of animal characters with human attributes The indirect approach of the fable is possibly more palatable for some readers who do not wish to be overtly counseled relative to moral conduct and the humorous element also can aid with palatability for reluctant readers Readers become familiar with the character attributes of some of the various animals included in the fables and this aids the writer in constructing simple narratives without the need for comprehensive and lengthy character development within each individual fable This is the ultimate book and eBook of Aesop s Fables Sure there are plenty of Free public domain books which consist of very poor quality illustrations and collections of Aesop s Fables in outdated archaic English This is the cut diamond version of such eBook compared to the uncut gem The printed edition is printed in the USA and of high quality materials and workmanship As always we aim to keep the price of both the print and eBook editions at a level that represents a high level of value compared to similar products
