Mustang 1964 1/2-1973 Restoration Guide , 1998 **A People's History of Detroit** Mark Jay, Philip Conklin, 2020-04-17 Recent bouts of gentrification and investment in Detroit have led some to call it the greatest turnaround story in American history Meanwhile activists point to the city's cuts to public services water shutoffs mass foreclosures and violent police raids In *A People's History of Detroit* Mark Jay and Philip Conklin use a class framework to tell a sweeping story of Detroit from 1913 to the present embedding Motown's history in a global economic context Attending to the struggle between corporate elites and radical working class organizations Jay and Conklin outline the complex sociopolitical dynamics underlying major events in Detroit's past from the rise of Fordism and the formation of labor unions to deindustrialization and the city's recent bankruptcy They demonstrate that Detroit's history is not a tale of two cities one of wealth and development and another racked by poverty and racial violence rather it is the story of a single Detroit that operates according to capitalism's mandates

Marketing Innovations in the Automotive Industry Elena Candelo, 2019-04-09 This book proposes that within the automotive industry revised marketing principles and innovative marketing strategies are needed to address more effectively the unprecedented challenges posed by the modern digital revolution The starting point for these proposals is a thorough analysis of the evolution of marketing in the industry across three ages of technological innovations the mechanical the electronic and the digital The main objectives are first to illustrate how study of the past can help carmakers as they move forward into the unknown and second to identify the main choices that they will face The central premise is that unusual times call for unusual strategies By mining the past in order to foresee likely future developments regarding competition and marketing strategies within the car industry the book will appeal both to researchers and to present or future managers in the automotive and other innovation driven sectors *Manufacturers Record* , 1923 *Real Estate*
