The Obama Haters John Wright, 2011-04-30 On November 4 2008 the election of Barack Hussein Obama as the forty fourth president of the United States showed that the country had finally overcome its most hurtful shameful and enduring legacy slavery Though Obama s election showed progress the John McCain Sarah Palin campaign and the Republican Party used age old smear campaign tactics Their operators pulled out all the stops in an attempt to win and spread falsehoods about Obama that have only multiplied after the election The Obama Haters seeks to answer the following questions Who are these Obama haters Why do they despise him Why do various news organizations commentators and political entities treat the same facts differently Why are these pundits so powerful In order to do so Wright first lays out the democratic principles and civility toward which Americans should strive Next he investigates the persistent expressions of hatred for President Obama connecting historic antecedents of political mudslinging along with the background of virulent right wing smear tactics over the past two decades And finally he shines a harsh spotlight on the haters and fearmongers and their tactics While Americans have the right to criticize their political leadership their reasons for disapproval should be based on facts Those who invent and repeat lies to hurt the reputation of leaders weaken the democratic ideal This book is for anyone who wishes to learn how to cut through the hypocrisy and propaganda to make informed decisions based on truth

The Republican Noise Machine David Brock, 2005 Bestselling author David Brock documents the most important political development of the last thirty years How the Republican Right has won political power and hijacked public discourse in the United States Over the last several decades the GOP has built a powerful media machine newspapers and magazines think tanks talk radio networks op ed columnists the FOX News Channel Christian Right broadcasting book publishers and high traffic Internet sites to sell conservatism to the public and discredit its opponents David Brock s penetrating analysis of news stories from the disputed 2000 presidential election to the war in Iraq to the political battles of 2004 reveals that this booming right wing media market is largely based on bigotry ignorance and emotional manipulation closely tied to America s long standing cultural divisions and the buying power of anti intellectual traditionalists Writing with verve and deep insight Brock reaches far beyond typical bromides about media bias to produce an
