# Fake Facebook Page Template

**Janine Warner, David LaFontaine**

## **Fake Facebook Page Template:**

*Web Penetration Testing with Kali Linux* Joseph Muniz, 2013-09-25 *Web Penetration Testing with Kali Linux* contains various penetration testing methods using BackTrack that will be used by the reader. It contains clear step by step instructions with a lot of screenshots. It is written in an easy to understand language which will further simplify the understanding for the user. *Web Penetration Testing with Kali Linux* is ideal for anyone who is interested in learning how to become a penetration tester. It will also help the users who are new to Kali Linux and want to learn the features and differences in Kali versus Backtrack and seasoned penetration testers who may need a refresher or reference on new tools and techniques. Basic familiarity with web based programming languages such as PHP JavaScript and MySQL will also prove helpful.

*The Learning and Development Book* Tricia Emerson, Mary Stewart, 2011-11-15 Everyone thinks they know everything about training. Right? We've all gone to school, been trained on the job, and maybe endured the occasional corporate seminar. But if you're a professional in this field, you know that's familiarity, not expertise. Instructional design and implementation are not as easy as they look. You know there's an art to enabling people to truly change their behavior, moving themselves and their organizations toward the right future. That's what inspired *The Learning and Development Book*. Open the book to any page and you'll find a short chapter that holds one hard won lesson, the reward of decades implementing instructional design in real world settings. Why should learning be more like playing? Is the culture of your organization working against you? Should you really measure the effects of your training program? Have you ever thought that learning begins when training ends? Each chapter holds a nugget of wisdom on subjects like these. Whether you're a battle tested educator or embarking on your first big training job, we hope we can give you tips, tools, big ideas, and bonus: a smile.

**Professional WordPress** Brad Williams, David Damstra, Hal Stern, 2012-12-17 The highly praised resource returns with updated content, examples, and code downloads. WordPress is the most popular self hosted open source website software in use today, and the latest version makes it even simpler to operate. Packed with real world examples for load balancing and multiusers, this esteemed resource replaces some of the more basic material with more advanced content. Every single chapter has been reworked to provide the most current and proper methods for developing and designing in WordPress. Coverage of HTML5, CSS3, and JavaScript, and new chapters on custom post types, custom taxonomies, Multisite, and extensions of themes bring the content of this book completely up to date and provides you with all you need to deploy successful WordPress sites. Offers an overview of the WordPress system and describes what happens when a WordPress generated web page is displayed. Demonstrates extending WordPress through plugins and customizing it via themes. Combines a developer view of user experience and optimization with the deployment requirements for performance, security, and measurement. Includes code downloads and code samples from the book's website. You'll be hard pressed to find a reliable resource with more advanced content than *Professional WordPress Second Edition*. *The Facebook Era* Clara

Shih, 2009-03-12 People in all demographics and regions of the world are more connected than ever before to the products issues places and individuals in their lives This book recognizes that we've come to a place where people can represent their real identity both personal and professional and use the social filters on the Web to connect with the world around them Sheryl Sandberg Chief Operating Officer Facebook A must read for CEOs and other executives who want to understand Facebook and more importantly take the right actions to stay relevant and stay competitive David Mather President Hoovers Inc The 90s were about the World Wide Web of information and the power of linking web pages Today it's about the World Wide Web of people and the power of the social graph Online social networks are fundamentally changing the way we live work and interact They offer businesses immense opportunities to transform customer relationships for profit opportunities that touch virtually every business function from sales and marketing to recruiting collaboration to executive decision making product development to innovation In The Facebook Era Clara Shih systematically outlines the business promise of social networking and shows how to transform that promise into reality Shih is singularly qualified to write this book One of the world's top business social networking thought leaders and practitioners she created the first business application on Facebook and leads salesforce.com's partnership with Facebook Through case studies examples and a practical how to guide Shih helps individuals companies and organizations understand and take advantage of social networks to transform customer relationships for sales and marketing Shih systematically identifies your best opportunities to use social networks to source new business opportunities target marketing messages find the best employees and engage customers as true partners throughout the innovation cycle Finally she presents a detailed action plan for positioning your company to win in today's radically new era The Facebook Era Join the conversation [www.thefacebookera.com](http://www.thefacebookera.com) Fan the book [www.facebook.com/thefacebookera](http://www.facebook.com/thefacebookera) Right this minute more than 1.5 million people are on Facebook They're interacting with friends and talking about your brands They're learning about your business and providing valuable information you can use to market and sell In the Facebook Era you're closer to your customers than ever before Read this book and then go get them Clara Shih offers best practices for overcoming obstacles to success ranging from privacy and security issues to brand misrepresentation and previews social networking trends that are just beginning to emerge helping you get ahead of the curve and ahead of the competition too Includes a practical 60 day action plan for positioning your company to win in the Facebook Era For companies of all sizes in all industries and business functions ranging from marketing to operations By Clara Shih creator of Faceconnector the first business application on Facebook Learn how to Understand how social networking transforms our personal and professional relationships Why social networking will have business impact comparable to the Internet Use online social networks to hypertarget your customers Hone in on precise audience segments and then tailor custom campaigns with powerful personal and social relevance Define and implement your optimal social networking brand strategy Ask the right questions set the right goals and priorities and execute on it Implement effective governance and compliance

Understand and mitigate the risks of social networking Web 2 0 initiatives      *Metasploit Penetration Testing Cookbook*  
Abhinav Singh,2012-06-22 Over 80 recipes to master the most widely used penetration testing framework      **Penetration Testing**
