

The background of the book cover is a classical painting. On the left, a woman with dark skin and hair is shown from the chest up, wearing an ornate, patterned orange and gold dress with a white collar and a necklace. She is holding a young child in a white dress. On the right, a man with dark skin is shown from the waist up, wearing a green military-style jacket with white buttons and a red sash. He is looking towards the left. The overall style is that of a 19th-century oil painting.

Gender In History Global Perspectives:

Gender in History Merry E. Wiesner-Hanks, 2021-11-01 A concise yet comprehensive account of the roles and influences of gender over the millennia featuring new and updated content throughout Gender in History Global Perspectives Third Edition explores the construction and evolution of gender in many of the world's cultures from the Paleolithic era to the COVID pandemic of the twenty first century Broad in geographic and topical scope this comprehensive volume discusses the ways families religions social hierarchies politics work education art sexuality and other issues are linked to various conceptions of gender Now organized chronologically rather than topically this extensively revised edition presents a wealth of up to date information based on the scholarship of the last decade New and expanded chapters offer insights on the connections between gender and key events and trends in world history including domestication and the development of agriculture the growth of cities and larger scale political structures the spread of world religions changing ideas of race class and sexuality colonialism and imperialism capitalism wars revolutions and more Written by a distinguished scholar in the field of women's and gender history this third edition of Gender in History Examines how gender roles were shaped by family life religious traditions various other institutions and how the institutions were influenced by gender Considers why gender variations developed in different cultures and in diverse social ethnic and racial groups within a single culture Addresses ideas in different cultures that shaped both informal societal norms and formalized laws Explores debates about the origins of patriarchy the development of complex gender hierarchies and contemporary movements for social change Discusses the gender implications of modern issues including the global pandemic and ongoing cultural and economic shifts Includes an accessible introduction to key theoretical and methodological issues and an instructor's website site with visual and written original sources Gender in History Global Perspectives Third Edition is essential reading for undergraduate and graduate students in courses such as those on women's history women in world history and gender in world history and a valuable supplement for general survey courses within History and Women's and Gender Studies programs

Gender in History Merry E. Wiesner-Hanks, 2010-07-06 GENDER IN HISTORY Praise for the first edition Wiesner Hanks accomplishes a near impossible feat a review of what is known about the construction of gender and the character of women's lives in all known cultures over the course of human history Theoretically sophisticated and doing justice to the historical and cross cultural record yet assimilable by students Choice Gender in History brilliantly explores the influence of gender constructs in political social economic and cultural affairs The remarkable cultural geographical and chronological range of Wiesner Hanks research is matched only by the sophistication nuance and clarity of her analysis This book offers a rare and valuable global perspective on gender roles in human history Jerry H Bentley University of Hawaii Over the past two decades considerations of gender have revolutionized the study of history Yet most books on the subject remain narrowly focused on a specific time period or particular region of the world Gender in History Global Perspectives Second Edition continues to redress this

inequity by providing a concise overview of the construction of gender in many world cultures over a period stretching from the Paleolithic era to modern times Thoroughly updated to reflect current developments in the field the new edition features entirely new sections which address primates slavery colonialism masculinity transgender issues and other relevant topics As in the well received first edition material is presented thematically to reveal the connections between gender and structures such as the family economy law religion sexuality and the state Wiesner Hanks also investigates precisely what it meant to be a man or woman throughout history how these roles were shaped by various institutions and how they in turn were influenced by gender The author presents material within each chapter chronologically to highlight the ways in which gender structures have varied over time The new edition of *Gender in History Global Perspectives* offers rich insights into all that is currently known about gender roles throughout world history A companion website is available at www.wiley.com/go/wiesnerhanks

Gender in History Merry E. Wiesner, 2022 The title of this book would have made little sense to me when I chose to be a history major nearly five decades ago I might perhaps have thought it an analysis of linguistic developments as gender was something I considered and bemoaned largely when learning German nouns The women's movement changed that as it changed so much else The feminist movement that began in the 1960s often termed the second wave to set it apart from the first wave of feminism that began in the nineteenth century included a wide range of political beliefs with various groups working for a broad spectrum of goals one of which was to understand more about the lives of women in the past This paralleled a similar rise of interest in women's history that accompanied the first wave of feminism Women's and Gender History Advocates of women's rights in the present myself included looked at what we had been taught about the past as well as what we had been taught about literature psychology religion biology and most other disciplines and realized we were only hearing half the story Most of the studies we read or heard described the male experience man the artist man the hunter man and his environment though they often portrayed it as universal We began to investigate the lives of women in the past asserting that any investigation of past power relationships had to include discussion of patriarchy that predominant social system in which men have more power and access to resources than women of the same group and in which some men are privileged over other men and some women over other women

Women's History in Global Perspective Bonnie G. Smith, 2004 The American Historical Association's Committee on Women Historians commissioned some of the pioneering figures in women's history to prepare essays in their respective areas of expertise This volume the first in a series of three collects their efforts Women's History in Global Perspective Volume 1 addresses the comparative themes that the editors and contributors see as central to understanding women's history around the world Later volumes will be concerned with issues that have shaped the history of women in particular regions The authors of these essays including Margaret Strobel Alice Kessler Harris and Mrinalini Sinha provide general overviews of the theory and practice of women's and gender history and analyze family history nationalism and work The collection is rounded out by essays on religion race ethnicity and the

different varieties of feminism Incorporating essays from top scholars ranging over an abundance of regions dates and methodologies the three volumes of Women s History in Global Perspective constitute an invaluable resource for anyone interested in a comprehensive overview on the latest in feminist scholarship Gender in History Merry E.

Wiesner-Hanks,2001-10-16 This concise overview explores the construction of gender in many cultures around the world at different times **Gender in History** Merry E. Wiesner-Hanks,2011-06-24 GENDER IN HISTORY Praise for the first edition

Wiesner Hanks accomplishes a near impossible feat a review of what is known about the construction of gender and the character of women s lives in all known cultures over the course of human history Theoretically sophisticated and doing justice to the historical and cross cultural record yet assimilable by students Choice Gender in History brilliantly explores the influence of gender constructs in political social economic and cultural affairs The remarkable cultural geographical and chronological range of Wiesner Hanks research is matched only by the sophistication nuance and clarity of her analysis This book offers a rare and valuable global perspective on gender roles in human history Jerry H Bentley University of Hawaii Over the past two decades considerations of gender have revolutionized the study of history Yet most books on the subject remain narrowly focused on a specific time period or particular region of the world Gender in History Global Perspectives Second Edition continues to redress this inequity by providing a concise overview of the construction of gender in many world cultures over a period stretching from the Paleolithic era to modern times Thoroughly updated to reflect current developments in the field the new edition features entirely new sections which address primates slavery colonialism masculinity transgender issues and other relevant topics As in the well received first edition material is presented thematically to reveal the connections between gender and structures such as the family economy law religion sexuality and the state Wiesner Hanks also investigates precisely what it meant to be a man or woman throughout history how these roles were shaped by various institutions and how they in turn were influenced by gender The author presents material within each chapter chronologically to highlight the ways in which gender structures have varied over time The new edition of Gender in History Global Perspectives offers rich insights into all that is currently known about gender roles throughout world history A companion website is available at www.wiley.com/go/wiesnerhanks **Gender in World History** Peter N.

Stearns,2015-03-02 Covering societies from classical times to the twenty first century Gender in World History is a fascinating exploration of what happens to established ideas about men women and gender roles when different cultural systems come into contact The book breaks new ground to facilitate a consistent approach to gender in a world history context Now in its third edition the book has been thoroughly updated including expanded treatment of Africa under Islamic influence expanded discussion of southeast Asia a new chapter on contemporary Latin America representations of individual women engagement with recent work on gender history and theory With truly global coverage this book enables students to understand how gender roles have varied across the world and over time and the vital role of gender in structuring social

and political relationships Providing a succinct current overview of the history of gender throughout the world *Gender in World History* remains essential reading for students of world history *Gender History in a Transnational Perspective* Oliver Janz, Daniel Schönpflug, 2014-04-01 Recent debates have used the concept of transnational history to broaden research on historical subjects that transcend national boundaries and encourage a shift away from official inter state interactions to institutions groups and actors that have been obscured This approach proves particularly fruitful for the dynamic field of global gender and women s history By looking at the restless lives and work of women s activists in informal border crossings ephemeral NGOs the lower management of established international organizations and other global networks this volume reflects the potential of a new perspective that allows for a more adequate analysis of transnational activities By pointing out cultural hierarchies the vicissitudes of translation and re interpretation and the ambiguity of intercultural exchange this volume demonstrates the critical potential of transnational history It allows us to see the limits of universalist and cosmopolitan claims so dear to many historical actors and historians *Global Perspectives on Global History* Dominic Sachsenmaier, 2011-08-04 In recent years historians across the world have become increasingly interested in transnational and global approaches to the past However the debates surrounding this new border crossing movement have remained limited in scope as theoretical exchanges on the tasks responsibilities and potentials of global history have been largely confined to national or regional academic communities In this groundbreaking book Dominic Sachsenmaier sets out to redress this imbalance by offering a series of new perspectives on the global and local flows sociologies of knowledge and hierarchies that are an intrinsic part of historical practice Taking the United States Germany and China as his main case studies he reflects upon the character of different approaches to global history as well as their social political and cultural contexts He argues that this new global trend in historiography needs to be supported by a corresponding increase in transnational dialogue cooperation and exchange ***A Companion to Global Gender History*** Teresa A. Meade, Merry E. Wiesner-Hanks, 2020-12-07 Provides a completely updated survey of the major issues in gender history from geographical chronological and topical perspectives This new edition examines the history of women over thousands of years studies their interaction with men in a gendered world and looks at the role of gender in shaping human behavior It includes thematic essays that offer a broad foundation for key issues such as family labor sexuality race and material culture followed by chronological and regional essays stretching from the earliest human societies to the contemporary period The book offers readers a diverse selection of viewpoints from an authoritative team of international authors and reflects questions that have been explored in different cultural and historiographic traditions Filled with contributions from both scholars and teachers *A Companion to Global Gender History* Second Edition makes difficult concepts understandable to all levels of students It presents evidence for complex assertions regarding gender identity and grapples with evolving notions of gender construction In addition each chapter includes suggestions for further reading in order to provide readers with the necessary

tools to explore the topic further Features newly updated and brand new chapters filled with both thematic and chronological geographic essays Discusses recent trends in gender history including material culture sexuality transnational developments science and intersectionality Presents a diversity of viewpoints with chapters by scholars from across the world A Companion to Global Gender History is an excellent book for upper level undergraduate and graduate students involved in gender studies and history programs It will also appeal to more advanced scholars seeking an introduction to the field **Women and Gender in Early Modern Europe** Merry E. Wiesner-Hanks, 2019-01-24 This fourth edition of Merry E Wiesner Hanks s prize winning survey features significant changes to every chapter designed to reflect the newest scholarship Global issues have been threaded throughout the book while still preserving the clear thematic structure of previous editions Thus readers will find expanded discussions of gendered racial hierarchies migration missionaries and consumer goods In addition there is enhanced coverage of recent theoretical directions the ideas beliefs and practices of ordinary people early industrialization women s learning letter writing and artistic activities emotions and sentiments single women and same sex relations masculinities mixed race and enslaved women and the life course from birth to death With geographically broad coverage including Russia Scandinavia the Ottoman Empire and the Iberian Peninsula this remains the leading text on women and gender in Europe in this period Accompanying this essential reading is a completely revised website featuring extensive updated bibliographies web links and primary source material **Gender in History** Merry E. Wiesner, 2001-10-16 Over the past 20 years the study of history has been revolutionised by considerations of gender and yet most books on the subject focus on only one period or region This concise overview redresses the balance exploring the construction of gender in many cultures around the world at different times The material is presented thematically encouraging readers to appreciate the connections between gender and other structures such as the family the economy law religion sexuality and the state The author investigates how what it meant to be a man or woman was shaped by these institutions and how they in turn were influenced by gender Within each chapter information is arranged chronologically in order to highlight the ways in which gender structures have varied over time **The New World History** Ross E. Dunn, Laura J. Mitchell, Kerry Ward, 2016-08-23 The New World History is a comprehensive volume of essays selected to enrich world history teaching and scholarship in this rapidly expanding field The forty four articles in this book take stock of the history evolving literature and current trajectories of new world history These essays together with the editors introductions to thematic chapters encourage educators and students to reflect critically on the development of the field and to explore concepts approaches and insights valuable to their own work The selections are organized in ten chapters that survey the history of the movement the seminal ideas of founding thinkers and today s practitioners changing concepts of world historical space and time comparative methods environmental history the big history movement globalization debates over the meaning of Western power and ongoing questions about the intellectual premises and assumptions that have shaped the field **A Global History of**

Modern Historiography Georg G Iggers, Q. Edward Wang, Supriya Mukherjee, 2013-09-13 So far histories of historiography have concentrated almost exclusively on the West This is the first book to offer a history of modern historiography from a global perspective Tracing the transformation of historical writings over the past two and half centuries the book portrays the transformation of historical writings under the effect of professionalization which served as a model not only for Western but also for much of non Western historical studies At the same time it critically examines the reactions in post modern and post colonial thought to established conceptions of scientific historiography A main theme of the book is how historians in the non Western world not only adopted or adapted Western ideas but also explored different approaches rooted in their own cultures

The History of Social Movements in Global Perspective Stefan Berger, Holger Nehring, 2017-01-12 Social movements have shaped and are shaping modern societies around the globe this is evident when we look at examples such as the Arab Spring Spain's Indignados and the wider Occupy movement In this volume experts analyse the classic and new social movements from a uniquely global perspective and offer insights in current theoretical discussions on social mobilisation Chapters are devoted both to the study of continental developments of social movements going back to the nineteenth century and ranging to the present day and to an emphasis on the transnational dimension of these movements Interdisciplinary and truly international this book is an essential text on social movements for historians political scientists sociologists philosophers and social scientists

Gendering Modern German History Karen Hagemann, Jean H. Quataert, 2008-08 To provide a critical overview in a comparative German American perspective is the main aim of this volume which brings together experts from both sides of the Atlantic Through case studies it demonstrates the extraordinary power of the gender perspective to challenge existing interpretations and rewrite mainstream arguments

Gender History Antoinette M. Burton, 2024 This introduction to the field of gender history offers a set of working definitions of gender as a descriptive category and as a category of historical analysis tracing the emergence usage and applicability of these entwined subjects across a range of times and places in scholarship since the 1970s Inevitably political gender history has taken aim at the broader field of historical narrative by asking who counts as a historical subject and how paying attention to gender subverts reigning assumptions of what power culture economics and identity have been in the past and what they are today Antoinette Burton explores how gender analysis has changed interpretations of the histories of slavery capitalism migration and empire

The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across

time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Women in Transnational History

Clare Midgley, Alison Twells, Julie Carlier, 2016-04-28 Women in Transnational History offers a range of fresh perspectives on the field of women s history exploring how cross border connections and global developments since the nineteenth century have shaped diverse women s lives and the gendered social cultural political and economic histories of specific localities The book is divided into three thematically organised parts covering gendered histories of transnational networks women s agency in the intersecting histories of imperialisms and nationalisms and the concept of localizing the global and globalizing the local Discussing a broad spectrum of topics from the politics of dress in Philippine mission stations in the early twentieth century to the shifting food practices of British women during the Second World War the chapters bring women to the centre of the writing of new transnational histories Illustrated with images and figures this book throws new light on key global themes from the perspective of women s and gender history Written by an international team of editors and contributors it is a valuable and timely resource for students and researchers of both women s history and transnational and global history

Women's History at the Cutting Edge Autori Vari, 2021-07-07T15:39:00+02:00 What have the achievements of Women s and Gender History as a field of study been in Italy To what extent has it succeeded in making women s history an integral part of academic enquiry rather than an optional specialist area What impact has the study of manhood and masculinities had on our understanding of women s lives What is the relationship between gender studies and new critical histories of colonialism and empire contact zones cross cultural encounters and racialisation How is new work on cultural geography and spatial categories impacting our historical understandings of bodily differences The articles collected here are inspired by these questions previously posed by Karen Offen and Chen Yan to an international group of historians They discuss several critical themes including the challenges the field has experienced in the Italian institutional context and which it continues to face today how we can move the conversation beyond Italy and Europe to other international arenas and how to expand the research on topics like the history of masculinities gay and lesbian studies colonial studies and global history
