**2013-2014 - Teaching and Learning Achieving quality for all** UNESCO,2014-02-04 The 2013 2014 Education for All Global Monitoring Report shows that a lack of attention to education quality and a failure to reach the marginalized have contributed to a learning crisis that needs urgent attention Worldwide 250 million children many of them from disadvantaged backgrounds are not learning the basics Teaching and Learning Achieving Quality for All describes how policy makers can support and sustain a quality education system for all children regardless of background by providing the best teachers The Report also documents global progress in achieving Education for All goals and provides lessons for setting a new education agenda post 2015 In addition the Report identifies that insufficient financing is hindering advances in education Research

Methods in Consumer Law Hans-W. Micklitz,Anne-Lise Sibony,Fabrizio Esposito, Consumer law is worthy of greater academic attention at a time when many new questions arise and old ones need new answers This unique handbook takes the reader on a journey through existing literature research questions and methods It builds on the state of the art to offer a springboard for jumping to the heart of contemporary issues and equips researchers with a starter s kit to weave together rich traditions ranging from socio economics to behavioural analysis *Economic Development for Everyone* Mark M.

Miller,2017-05-09 How do we create employment grow businesses and build greater economic resilience in our low income communities How do we create economic development for everyone everywhere including rural towns inner city neighborhoods aging suburbs and regions such as Appalachia American Indian reservations the Mexican border and the Mississippi Delta and not just in elite communities Economic Development for Everyone collects organizes and reviews much of the current research available on creating economic development in low income communities Part I offers an overview of

the harsh realities facing low income communities in the US today their many economic and social challenges debates on whether to try reviving local economies vs relocating residents and current trends in economic development that emphasize high tech industry and high levels of human capital Part II organizes the sprawling literature of applied economic development research into a practical framework of five dynamic dimensions empower your residents begin with basic education enhance your community build on existing assets encourage your entrepreneurs diversify your economy and sustain your development This book assembled and presented in a unified framework will be invaluable for students and new researchers of economic development in low income communities and will offer new perspectives for established researchers professional economic developers and planners and public officials Development practitioners and community leaders will also find new ideas and opportunities along with a broad view on how the many complex parts of economic development interconnect

**Minerals Yearbook** Geological Survey, Interior Department, Mines Bureau, 2019-02-15 This volume covering metals and minerals contains chapters on approximately 90 commodities In addition this volume has chapters on mining and quarrying trends and on statistical surveying methods used by Minerals Information plus a statistical summary

The Extractive Industries Sector Håvard Halland, Martin Lokanc, Arvind Nair, 2015-09-02 The extractive industries EI sector occupies an outsize space in the economies of many developing countries Policy makers economists and public finance professionals working in such countries are frequently confronted with issues that require an in depth understanding of the sector its economics governance and policy challenges

The Free-market Family Maxine Eichner, 2020 US families have been pushed to the wall At the bottom of the economic ladder poor and working class adults aren t forming stable relationships and can t give their kids the start they need because of low wages and uncertain job prospects Toward the top professional parents lives have become a grinding slog of long hours of paid work Meanwhile their kids are overstressed by pressure to succeed and get into good colleges In this provocative book Maxine Eichner argues that these very different struggles might seem unconnected but they share the same root cause the increasingly large toll that economic inequality and insecurity are taking on families It s government rather than families that s to blame Eichner persuasively contends Since the 1970s politicians have sold families out to the wrongheaded notion that the free market alone best supports them In five decades of free market family policy they ve scrapped government programs and gutted market regulations that had helped families thrive The consequence is the steady drumbeat of bad news we hear about our country today the opioid epidemic skyrocketing suicide and mental illness rates deaths of despair and mediocre student achievement scores Meanwhile politicians just keep telling families to work a little harder The Free Market Family documents US families impossible plight showing how much worse they fare than families in other countries It then demonstrates how politicians free market illusions steered our nation wildly off course Finally it shows how using commonsense measures we can restructure the economy to work for families rather than the reverse Doing so would invest in our children s futures increase

our wellbeing reknit our social fabric and allow our country to reclaim the American Dream      *Randomized Control Trials in the Field of Development* Florent Bédécarrats, Isabelle Guérin, François Roubaud, 2020-09-17 In October 2019 Abhijit Banerjee Esther Duflo and Michael Kremer jointly won the 51st Sveriges Riksbank Prize in Economic Sciences in Memory of Alfred Nobel for their experimental approach to alleviating global poverty But what is the exact scope of their experimental method known as randomized control trials RCTs Which sorts of questions are RCTs able to address and which do they fail to answer The first of its kind *Randomized Control Trials in the Field of Development A Critical Perspective* provides answers to these questions explaining how RCTs work what they can achieve why they sometimes fail how they can be improved and why other methods are both useful and necessary Bringing together leading specialists in the field from a range of backgrounds and disciplines economics econometrics mathematics statistics political economy socioeconomics anthropology philosophy global health epidemiology and medicine it presents a full and coherent picture of the main strengths and weaknesses of RCTs in the field of development Looking beyond the epistemological political and ethical differences underlying many of the disagreements surrounding RCTs it explores the implementation of RCTs on the ground outside of their ideal theoretical conditions and reveals some unsuspected uses and effects their disruptive potential but also their political uses The contributions uncover the implicit worldview that many RCTs draw on and disseminate and probe the gap between the method's narrow scope and its success while also proposing improvements and alternatives Without disputing the contribution of RCTs to scientific knowledge *Randomized Control Trials in the Field of Development* warns against the potential dangers of their excessive use arguing that the best use for RCTs is not necessarily that which immediately springs to mind Written in plain language this book offers experts and laypeople alike a unique opportunity to come to an informed and reasoned judgement on RCTs and what they can bring to development      **The Oxford Handbook of Banking** Allen N. Berger, Philip Molyneux, John O. S. Wilson, 2019-10-31 The Oxford Handbook of Banking Third Edition provides an overview and analysis of developments and research in this rapidly evolving field Aimed at graduate students of economics banking and finance academics practitioners regulators and policy makers it strikes a balance between abstract theory empirical analysis and practitioner and policy related material Split into five distinct parts The Oxford Handbook of Banking is a one stop source of relevant research in banking It examines the theory of banking bank operations and performance regulatory and policy perspectives macroeconomic perspectives in banking and international differences in banking structures and environments Taking a global perspective it examines banking systems in the United States China Japan Australia and New Zealand Africa the European Union transition countries of Europe and Latin America Thematic issues covered include financial innovation and technological change consumer and mortgage lending Islamic banking and how banks influence real economic activity Fully revised and now including brand new chapters on a range of geographical regions bank bailouts and bail ins and behavioral economics amongst many other topics this third edition of The Oxford Handbook of Banking provides

readers with insights to seminal and contemporary research in banking and an opportunity to learn about the diversity of financial systems around the world      *Principles and Challenges of Fundamental Methods in Veterinary Epidemiology and Economics* Salome Dürr,Victoria J. Brookes,Andres M. Perez,2021-08-09      *Evaluating Improvement And Implementation For Health* Ovretveit, John,2014-08-01 This book examines different approaches to evaluating treatment health service delivery public health programmes and policy implementation      **A Carbon Primer for the Built Environment** Simon Foxell,2014-01-03 In a world increasingly concerned about the impact of carbon dioxide and other greenhouse gases in the atmosphere on global climate the A Carbon Primer for the Built Environment will provide an understanding of the science and the public policy and regulation intended to tackle climate change It will spell out the essential information needed for navigating through the growing regulatory maze with confidence The book will Provide an explanation of climate change why carbon has been targeted as the main culprit and how this will impact the working lives of architects Explain key concepts such as carbon footprinting contraction convergence concentration based targets the Energy Performance of Buildings Directive decarbonising supply and reducing energy demand as well as the relevance of relevant government targets and international agreements Suggest an overall framework for achieving the carbon reduction targets and the requirements that will place on building designers Outline requirements and common standards and codes providing guidance on compliance mechanisms Suggest and examine likely models for future practice The book will be essential reading for anyone wanting to familiarise themselves with the new landscape of carbon reduction in the built environment with a particular focus on building design It will also provide an accessible reference volume for information on particular policies terms and initiatives as well as key data and numbers that will assist initial carbon calculations      **KNOWCON 2021. Knowledge on Economics and Management: Conference Proceedings** Slavičková, Pavla,Stoklasa, Jan, Conference Proceedings of the international scientific conference KNOWCON 2021 Knowledge on Economics and Management held by the Department of Applied Economics on November 11 and 12 2021      An Evaluation of the Public Schools of the District of Columbia National Research Council,Division of Behavioral and Social Sciences and Education,Board on Testing and Assessment,Committee for the Five-Year (2009-2013) Summative Evaluation of the District of Columbia Public Schools,2015-08-31 An Evaluation of the Public Schools of the District of Columbia is a comprehensive five year summative evaluation report for Phase Two of an initiative to evaluate the District of Columbia s public schools Consistent with the recommendations in the 2011 report A Plan for Evaluating the District of Columbia s Public Schools this new report describes changes in the public schools during the period from 2009 to 2013 An Evaluation of the Public Schools of the District of Columbia examines business practices human resources operations and human capital strategies academic plans and student achievement This report identifies what is working well seven years after legislation was enacted to give control of public schools to the mayor of the District of Columbia and which areas need additional attention      **Pity the Reader** Kurt Vonnegut,Suzanne McConnell,2020-10-01 A

rich generous book about writing and reading and Kurt Vonnegut as writer teacher and friend Every page brings pleasure and insight Gail Godwin New York Times bestselling author Here is an entirely new side of Kurt Vonnegut Vonnegut as a teacher of writing Of course he s given us glimpses before with aphorisms and short essays and articles and in his speeches But never before has an entire book been devoted to Kurt Vonnegut the teacher Here is pretty much everything Vonnegut ever said or wrote having to do with the writing art and craft altogether a healing a nourishing expedition His former student Suzanne McConnell has outfitted us for the journey and in these 37 chapters covers the waterfront of how one American writer brought himself to the pinnacle of the writing art and we can all benefit as a result Kurt Vonnegut was one of the few grandmasters of American literature whose novels continue to influence new generations about the ways in which our imaginations can help us to live Few aspects of his contribution have not been plumbed fourteen novels collections of his speeches his essays his letters his plays so this fresh view of him is a bonanza for writers and readers and Vonnegut fans everywhere Part homage part memoir and a 100% guide to making art with words Pity the Reader On Writing with Style is a simply mesmerizing book and I cannot recommend it highly enough Andre Dubus III 1 New York Times bestselling author The blend of memory fact keen observation spellbinding descriptiveness and zany characters that populated Vonnegut s work is on full display here James McBride National Book Award winning author

*Credit Rating Governance* Ahmed Naciri, 2015-01-30 Credit rating agencies play an essential role in the modern financial system and are relied on by creditors and investors on the market In the recent financial crisis their power and reliability were often questioned yet a simple rating downgrade could threaten to bankrupt a whole country This book examines the governance of credit rating agencies as expressed by their ability to fairly ethically and consistently assign higher rates to issuers having lesser default risks However factors such as the drive for increased revenue and market share the inadequate business model the inadequate methodology of assessing risk opacity and inadequate internal monitoring have all been identified as critical governance failures for credit agencies This book explores these issues and proposes some potential solutions and improvements This will be of interest to researchers and advanced students of corporate finance finance financial economics risk management investment management and banking

**Introducing Japanese Popular Culture** Alisa Freedman, 2023-04-18 Specifically designed for use in a range of undergraduate and graduate courses while reaching specialists and general readers this second edition of *Introducing Japanese Popular Culture* is a comprehensive textbook offering an up to date overview of a wide variety of media forms It uses particular case studies as a way into examining the broader themes in Japanese culture and provides a thorough analysis of the historical and contemporary trends that have shaped artistic production as well as politics society and economics As a result more than being a time capsule of influential trends this book teaches enduring lessons about how popular culture reflects the societies that produce and consume it With contributions from an international team of scholars representing a range of disciplines from history and anthropology to art history and media

studies the book covers Characters Television Videogames Fan media and technology Music Popular cinema Anime Manga Spectacles and competitions Sites of popular culture Fashion Contemporary art Written in an accessible style with ample description and analysis this textbook is essential reading for students of Japanese culture and society Asian media and popular culture globalization and Asian Studies in general It is a go to handbook for interested readers and a compendium for scholars

*Sustaining Human Progress* Khalid Malik, 2014 Most people in most countries have been steadily better in human development Advances in technology and incomes hold ever greater for longer healthier more secure lives
