The History of Continua Stewart Shapiro,Geoffrey Hellman,2021 Mathematical and philosophical thought about continuity has changed considerably over the ages from Aristotle s insistence that a continuum is a unified whole to the dominant account today that a continuum is composed of infinitely many points This book explores the key ideas and debates concerning continuity over more than 2500 years

The Metaphysical Theory of Egalitarian Economics Jo M. Sekimonyo,2018-11-18 What is the catalyzer of the ballooning the social economic and social gap between the gang of robber barons and captains of industry and the rest By the end of the twentieth century every social commerce and trade and political constructs underwent more than rhinoplasties in a desperate effort to escape responsibility A global system underlying the extremely unequal distribution of wealth and power has kept the profane views of the laboring class and hierarchical arrangements between commerce and trade actors the same Conspiracy rules and success myths do work Every existing doctrine compresses the ambiance of the love affair

with untamable disillusion Thanks to capitalism as the story goes poor white women and children as humans was recognized Somehow everyone else also found their way through the golden age of self enslavement into the human centipede We have all metamorphosed into efficient slaves
