The Routledge Companion to Philosophy in Organization Studies Raza Mir, Hugh Willmott, Michelle Greenwood, 2015-11-06 The Routledge Companion to Philosophy in Organization Studies provides a wide ranging overview of the significance of philosophy in organizations The volume brings together a veritable who's who of scholars that are acclaimed international experts in their specialist subject within organizational studies and philosophy The contributions to this collection are grouped into three distinct sections Foundations exploring philosophical building blocks with which organizational researchers need to become familiar Theories representing some of the dominant traditions in organizational studies and how they are dealt with philosophically Topics examining the issues themes and topics relevant to understanding how philosophy infuses organization studies Primarily aimed at students and academics associated with business schools and organizational research The Routledge Companion to Philosophy in Organization Studies is a valuable reference source for anyone engaged in this field

Eisenhower at the Dawn of the Space Age Mark Shanahan, 2016-11-14 Historians have established a norm whereby President Eisenhower's actions in relation to the dawn of the space age are judged solely as a response to the Soviet launch of the Sputnik satellite and are indicative of a passive negative presidency His low key actions are seen merely as a prelude to the US triumph in space which is largely bookended first by President Kennedy's man to the moon pledge in 1961 and finally by Neil Armstrong's moon landing eight years later This book presents an alternative view of the development of space policy during Eisenhower's administration assessing the hypothesis that his space policy was not a reaction to the heavily propagandized Soviet satellite launches or even the effect they caused in the US political and military elites but the continuation of a strategic journey This study engages with three distinct but converging strands of literature and proposes a revised interpretation of Eisenhower's actions in relation to rockets missiles and satellites namely that Eisenhower was operating on a parallel path to the established norm that started with the Bikini Atoll Castle H bomb tests developed through the CIA's reconnaissance efforts and was distilled in the Aeronautics and Space Act of 1958 which set a policy for US involvement in outer space that matched Eisenhower's desire for a balanced budget and fundamental belief in maintaining peace President Eisenhower was not interested in joining a space race while national security underpinned his thinking his space policy actions were strategic steps that actively sidestepped internecine armed forces rivalry and provided a logical next step for both civilian and military space programs at the completion of the International Geophysical Year In reassessing the United States first space policy the book adds to the revisionism under way in relation to the Eisenhower presidency focusing on the Helping Hands that enabled him to wage peace

actions **Understanding HIV and STI Prevention for College Students** Leo Wilton, Robert T. Palmer, Dina C. Maramba, 2014-09-19 According to the Centers for Disease Control and Prevention young people aged 18 to 25 are at a significant risk for acquiring and transmitting HIV Human Immunodeficiency Virus and other STIs sexually transmitted infections Primary developmental processes that place college students particularly at risk include the experience of intimacy sexual desires and the centrality of the peer group During these routine developmental processes college students experiment with unprotected sex multiple sex partners and alcohol and illicit drugs all of which are contributing risk factors for HIV STI infections Early diagnosis treatment and prevention of HIV and other STIs is germane to promoting the sexual health of college students and reducing high HIV STI infection rates among young people This edited volume will provide innovative and cutting edge approaches to prevention for college students and will have a major impact on advancing the interdisciplinary fields of higher education and public health It will explore core ideas such as hooking up culture sexual violence LGBT and students of color as well as HIV and STI prevention in community colleges rural colleges and minority serving institutions *Sexual Violence Policies and Sexual Consent Education at Canadian Post-Secondary Institutions* D. Scharie Tavcer, Vicky Dobkins, 2023-01-18 This book is the culmination of three years of research into sexual violence policies and sexual consent education at post secondary institutions across Canada The prevalence of sexual violence has not changed in more than 30 years and its reporting to police or school authorities has only waxed and waned over those years In response this book asks what can be done differently to reduce the number of victims and potential perpetrators The book provides an environmental scan of over 120 post secondary institutions PSIs across Canada as well as a deeper analysis of 7 PSIs that also include student and staff experiences and opinions The three year research project employed various phases to capture over 160 student voices and over 20 sexual violence staff and subject experts Subject experts and students were also involved in reviewing the draft iterations of the proposed sexual consent education module This book delivers readers with a broad brush approach to understanding the landscape of sexual violence prevention and education services at PSIs across Canada It provides a narrowed focus on 7 PSIs where student and staff survey responses and interviews provide positionality in response to the available literature The book concludes with a proposed sexual consent education module including its strengths and limitations as a point of discussion for PSIs to include into their sexual violence prevention education repertoire This book is intended for post secondary audiences in Canada North America and elsewhere for undergraduate and graduate students and faculty staff and administrators where it is crucial to consider ways to address its prevalence and the ways we can incorporate prevention education into our campus communities Cache Valley Aquifer Storage and Recovery Paul Inkenbrandt, 2015-01-01 The City of Millville located in a prime location for aquifer storage and recovery ASR is having issues with elevated nitrate in the Glenridge well a public water supply sourced from the Cache Valley principal aquifer To alleviate high nitrate the city performed an initial injection and pumping test using the Glenridge well Millville

injected water from Garr Spring another public water supply source of which they own water rights into the Glenridge well for one week at a rate of 500 gallons per minute They then pumped the well while monitoring geochemistry to determine the effects on the Cache Valley principal aquifer system The pre injection nitrate concentration in the Glenridge well was 7 65 mg l nitrate as nitrogen and the nitrate concentration after pumping more than 172% of the volume of water injected was 6 52 mg l nitrate as nitrogen There is likely some dispersion of the injected spring water via advection in the aquifer

Vladimir Putin and Russia's Imperial Revival David E. McNabb, 2016-02-12 Discerning the early stages of the rebirth of a new Russian empire from the ashes of the Soviet Union Vladimir Putin and Russia's Imperial Revival argues that Russia's recent overtly aggressive actions and foreign policy doctrines have signaled a renewal of the Cold War At the least Russia's actions represent the potential for renewal This book explains these developments in a historical context The book begins by describing Russia's initial policy of rapprochement after the collapse of the Soviet Union and its development into a foreign policy of threatened or actual armed aggression It identifies today's Russia as a nation determined to re-establish itself as a political and military force As a prominent figure in the development and continuation of its current foreign policy Vladimir Putin plays a central role in the topics covered Previous literature often treats Putin as an individual phenomenon examining his connections to corruption or the secret police but here David E McNabb examines him as the latest in a long history of Russian despots who followed similar expansionist policies He details some of the tactics Putin uses to instill fear and dominate political policies of republics newly independent from Russia These tactics include the use of energy as a weapon cyber terrorism and military support for ethnic Russian separatists in other sovereign nations most recently exemplified by Russia's annexation of Crimea from Ukraine via armed invasion In an attempt to demystify Russia's re-emergence as an international political force Vladimir Putin and Russia's Imperial Revival grounds its analyses in history It explores as far back as the establishment of the first Russian empire and regards Putin as a leader determined to establish a fifth imperial incarnation It provides a nuanced understanding of how Russia arrived at its current position through recent and distant internal and international events

Breaking Point Rebecca Schwartz Greene, 2023-01-03 WINNER SOCIETY FOR MILITARY HISTORY DISTINGUISHED BOOK AWARDS FIRST BOOK This book informs the public for the first time about the impact of American psychiatry on soldiers during World War II Breaking Point is the first in depth history of American psychiatry in World War II Drawn from unpublished primary documents oral histories and the author's personal interviews and correspondence over years with key psychiatric and military policymakers it begins with Franklin Roosevelt's endorsement of a universal Selective Service psychiatric examination followed by Army and Navy pre and post induction examinations Ultimately 2 5 million men and women were rejected or discharged from military service on neuropsychiatric grounds Never before or since has the United States engaged in such a program In designing Selective Service Medical Circular No 1 psychiatrist Harry Stack Sullivan assumed psychiatrists could predict who might break down or falter in

military service or even in civilian life thereafter While many American and European psychiatrists questioned this belief and huge numbers of American psychiatric casualties soon raised questions about screening s validity psychiatric and military leaders persisted in 1942 and 1943 in endorsing ever tougher screening and little else Soon families complained of fathers and teens being drafted instead of being identified as psychiatric 4Fs and Blacks and Native Americans among others complained of bias A frustrated General George S Patton famously slapped two malingering neuropsychiatric patients in Sicily a sentiment shared by Marshall and Eisenhower though they favored a tamer style Yet psychiatric rejections evacuations and discharges mounted While psychiatrist Roy Grinker and a few others treated soldiers close to the front in Tunisia in early 1943 this was the exception But as demand for manpower soared and psychiatrists finally went to the field and saw that combat itself not predisposition precipitated breakdown leading military psychiatrists switched their emphasis from screening to prevention and treatment But this switch was too little too late and slowed by a year long series of Inspector General investigations even while numbers of psychiatric casualties soared Ironically despite and even partly because of psychiatrists wartime performance plus the emotional toll of war postwar America soon witnessed a dramatic growth in numbers popularity and influence of the profession culminating in the National Mental Health Act 1946 But veterans with PTSD not recognized until 1980 were largely neglected
