Negotiating Paradise Dennis Merrill, 2009-09-01 Accounts of U S empire building in Latin America typically portray politically and economically powerful North Americans descending on their southerly neighbors to engage in lopsided negotiations Dennis Merrill's comparative history of U S tourism in Latin America in the twentieth century demonstrates that empire is a more textured variable and interactive system of inequality and resistance than commonly assumed In his examination of interwar Mexico early Cold War Cuba and Puerto Rico during the Alliance for Progress Merrill demonstrates how tourists and the international travel industry facilitated the expansion of U S consumer and cultural power in Latin America He also shows the many ways in which local service workers labor unions business interests and host governments vied to manage the Yankee invasion While national leaders negotiated treaties and military occupations visitors and hosts navigated interracial encounters in bars and brothels confronted clashing notions of gender and sexuality at beachside resorts and negotiated national identities Highlighting the everyday realities of U S empire in ways often overlooked Merrill's analysis provides historical context for understanding the contemporary debate over the costs and benefits of globalization
