La musique sacrée telle que la veut l'Eglise Eugène Chaminade, 1897 **Sacred Sounds, Secular Spaces** Jennifer Walker, 2021 Sacred Sounds Secular Spaces provides the first fundamental reconsideration of music's role in the relationship between the French state and the Catholic Church in the Third Republic revealing how composers and critics from often opposing ideological factions undermined the secular sacred binary through composition and musical performance **La Musique sacrée telle que la veut l'Église** Eugène Chaminade, 1897 **Bibliophilie musicale ...** Michelangelo Lambertini, 1918 *The Politics of Plainchant in fin-de-siècle France* Katharine Ellis, 2017-07-28 This book tells three inter-related stories that radically alter our perspective on plainchant reform at the turn of the twentieth century and highlight the value of liturgical music history to our understanding of French government anticlericalism It offers at once a new history of the rise of the Benedictines of Solesmes to official dominance over Catholic editions of plainchant worldwide a new optic on the French liturgical publishing industry during a period of international crisis for the publication of plainchant notation and an exploration of how both despite and because of official hostility French Catholics could bend Republican anticlericalism at the highest level to their own ends The narrative relates how Auguste Poulé a former French diplomat and Benedictine novice masterminded an undercover campaign to aid the Gregorian agenda of the Solesmes monks via French government intervention at the Vatican His vehicle trades unionists from within the book industry whom he mobilized into nationalist protest against Vatican attempts to enshrine a single contested and German version of the musical text as canon law Yet the political scheming necessitated by Poulé's double involvement with Solesmes and the print unions almost spun out of control as his Benedictine contacts struggled with internal division and anticlerical persecution The results are as musicologically significant for the study of Solesmes as they are instructive for the study of Church State relations **A List of Books on Social Reform in the Public Library of the City of Boston** Boston Public Library, 1898 **Revue catholique de Bordeaux**, 1897 **The Irish Ecclesiastical Record**, 1899 *Polybiblion*, 1897 **Polybiblion** Gustave Pawlowski, Henri Stein, 1922
