Child Marriage in Türkiye Esra Bayhantopçu,2024-04-18 This book provides a critical examination of the problem of underage marriage in T rkiye through a sociological perspective considering gender perceptions cultural norms and historical and political contexts The author conducts a comprehensive analysis of the problem by focusing on the lived experiences and narratives of women who married before the age of 18 Face to face in depth and semi structured interviews were conducted with 22 women who married at a child age to identify the causes and consequences of the marriage of underage girls and to explore how these women perceive both their own identities and the broader issue of child marriage Employing critical discourse analysis the author scrutinizes these interviews through the theoretical lenses of gender identity and ideology all while remaining attuned to feminist perspectives These combined methodologies allow the author to reveal the hidden dimensions of the problem examining the feelings stories behaviours and beliefs of real women who have married as children Finally constructive

solutions are proposed for the elimination of the child marriage problem not only in Turkey but in countries across the world. The book will interest those working and studying in an array of fields including sociology, gender studies, and Turkish culture and society as well as anyone with a general interest in the problem of underage marriage. *Sex in an Old Regime City* Julie Hardwick, 2020-07-18. Our ideas about the long histories of young couples' relationships and women's efforts to manage their reproductive health are often premised on the notion of a powerful sexual double standard. In *Sex in an Old Regime City*, Julie Hardwick offers a major reframing of the history of young people's intimacy. Based on legal records from the city of Lyon, Hardwick uncovers the relationships of young workers before marriage and after pregnancy occurred even if marriage did not follow and finds that communities treated these occurrences without stigmatizing or moralizing. She finds a hidden world of strategies young couples enacted when they faced an untimely pregnancy. If they could not or would not marry, they sometimes tried to terminate pregnancies to make the newborn go away by a variety of measures or to charge the infant to local welfare institutions. Far from being isolated couples, they drew on the resources of local communities and networks. Clerics, midwives, wet nurses, landladies, lawyers, parents, and male partners in and outside the city offered pragmatic, sympathetic ways to help young unmarried pregnant women deal with their situations and hold young men responsible for the reproductive consequences of their sexual activity. This was not merely emotional work; those involved were financially compensated. These support systems ensured that the women could resume their jobs and usually marry later without long-term costs. In doing so, communities managed and minimized the disruptions and consequences even of cases of abandonment and unprosecuted infanticide. This richly textured study rethinks the ways in which fundamental issues of intimacy and gendered power were entwined with families, communities, and religious and secular institutions at all levels, from households to neighborhoods to the state. *Victorian Marriage Quest* V1 Ann Heilmann, 2021-12-16. First published in 2004, this five-volume set collects together a series of writings on the role of women in the late Victorian Era. Volume 1 includes texts on the concept of the New Woman, a social phenomenon around 1894, a woman with a college education, professional aspirations, and feminist convictions. **Peril and Protection in British Courtship Novels** Geri Chavis, 2020-10-07. *Peril and Protection in British Courtship Novels: A Study in Continuity and Change* explores the use and context of danger/safety language in British courtship novels published between 1719 and 1920. The term courtship novel encompasses works focusing on both female and male protagonists' journeys toward marriage as well as those reflecting the intertwined nature of comic courtship and tragic seduction scenarios. Through careful tracking of peril and protection terms and imagery within the works of widely read influential authors, Professor Chavis provides a fresh view of the complex ways that the British novel has both maintained the status quo and embodied cultural change. Lucid discussions of each novel, arranged in chronological order, shed new light on major characters, preoccupations, values, internal struggles, and intertextual styles and demonstrate the ways in which gender ideology and social norms governing male/female relationships were not only perpetuated but also

challenged and satirized during the course of the British novel's development. Blending close textual analysis with historical, cultural, and feminist criticism, this multi-faceted study invites readers to look with both a microscopic lens at the nuances of figurative and literal language and a telescopic lens at the ways in which modifications to views of masculinity and femininity and interactions within the courtship arena inform the novel genre's evolution.

A Selection of Leading Cases in Equity Frederick Thomas White, 1858 **The Scottish Jurist**, 1865 **A Compleat Body of Conveyancing** Edward Wood (Conveyancer), 1770 *The Southeastern Reporter*, 1906 *West of the Border* Noreen Groover Lape, 2000

Their writings negotiate their various frontier ordeals: the encroachment of pioneers on the land reservation life; assimilation; Christianity; battles over territories and resources; exclusion; miscegenation laws; and the devastation of the environment.
