**A Circle of Friends** Angela Jianu, 2011-03-24 A study of Romanian revolutionaries exiled after the European insurrections of 1848 Drawing on their memoirs and private correspondence it reveals the transnational links they established with French republicans English radicals and Italian freedom fighters in their attempts to build the modern Romanian nation *The Numismatic Circular and Catalogue of Coins, Tokens, Commemorative & War Medals, Books & Cabinets* Spink & Son, 1908 *Spink & Son's Monthly Numismatic Circular*, 1894 *Numismatic Circular List of Coins, Medals, War Medals, Books, Etc. Offered for Sale* Spink & Son, 1894 *Reading Capital's Materialist Dialectic* Nick Nesbitt, 2024-05-27 While the explicit Althusserian engagement with Marx's Capital remained largely limited to Reading Capital after 1968 Nick Nesbitt argues this theoretical intervention remained insistent adopting the form of a general theory of materialist dialectic The book thus analyzes the Althusserianist theory of a materialist dialectic across diverse sites including Althusser's unpublished archive Macherey's exposition of Spinoza's Ethics and Badiou's Logics of Worlds while simultaneously bringing this fully developed theory of materialist dialectic to bear anew on the reading of Capital itself to show that Spinoza's influence on Marx is far greater and that of Hegel increasingly diminishing than has been previously thought **The Rhetoricity of Philosophy** Blake D. Scott, 2024-08-02 This book aims to recast the way that philosophers understand rhetoric Rather than follow most philosophers in conceiving rhetoric as a specific way of speaking or writing it shows that rhetoric is better understood as a dimension of all human discourse and action what the author calls rhetoricity This book provides the first philosophical treatment of rhetoricity It is motivated by two ongoing developments The first is the debate between Alain Badiou and Barbara Cassin about philosophy's relation to rhetoric Both Badiou and Cassin are critical of rhetoric albeit for different reasons Second there has been a growing resurgence of interest in rhetoric considering the recent rise in authoritarian politics as well as new forms of propaganda driven by persuasive technologies This book identifies the common target of Badiou's and Cassin's otherwise incompatible critiques rhetoric's conception of audience It offers a fresh take on the new rhetoric project of Cha m Perelman and Lucie Olbrechts Tyteca putting their work into conversation with the Badiou Cassin debate The book then turns to the hermeneutic philosophy of Paul Ricoeur in search of an expanded conception of audience It shows that Ricoeur's hermeneutic philosophy allows us to extend Perelman and Olbrechts Tyteca's psychological notion of audience to texts themselves and to argue that human beings have a rhetorical capacity to reflect on audiences in search of what is potentially persuasive The Rhetoricity of Philosophy will be of interest to scholars and advanced students working in contemporary European philosophy rhetoric argumentation studies and social theory Art and Film Since 1945 Kerry Brougher, Museum of Contemporary Art (Los Angeles, Calif.), 1996 This collection of essays explores the relationship between cinema and theisual arts from the postwar era to the present featuring filmamkers andrtists such as Alfred hitchcock Salvador Dali Jean Luc Godard ichelangelo Antonioni Andy Warhol and Edward

Ruscha It contains essays by film scholars and art historians and coincides with an exhibition at The Museum of Contemporary Arts in Los Angeles

**Equaliberty** Étienne Balibar, 2014-02-21 First published in French in 2010 *Equaliberty* brings together essays by Étienne Balibar one of the preeminent political theorists of our time The book is organized around *equaliberty* a term coined by Balibar to connote the tension between the two ideals of modern democracy equality social rights and political representation and liberty the freedom citizens have to contest the social contract He finds the tension between these different kinds of rights to be ingrained in the constitution of the modern nation state and the contemporary welfare state At the same time he seeks to keep rights discourse open eschewing natural entitlements in favor of a deterritorialized citizenship that could be expanded and invented anew in the age of globalization Deeply engaged with other thinkers including Arendt Rancière and Laclau he posits a theory of the polity based on social relations In *Equaliberty* Balibar brings both the continental and analytic philosophical traditions to bear on the conflicted relations between humanity and citizenship

**Hegemony** Richard Howson, Kylie Smith, 2008-05 The originality and depth of Gramsci's theory of hegemony is now evidenced in the wide ranging intellectual applications within a growing corpus of research and writings that include social political and cultural theory historical interpretation gender and globalization The reason that hegemony has been so widely and diversely adopted lies in the unique way that Gramsci formulated the problematics of structure superstructure coercion consensus materialism idealism and regression progression within the concept hegemony However in much of the contemporary literature the full complexity of hegemony is either obfuscated or ignored Hegemony through comprehensive and systematic analyses of Gramsci's formulation a picture of hegemony as a complex syncretism of these dichotomies In other words hegemony is presented as a concept that is as much about aspiration and progressive politico social relations as it is about regressive and dominative processes Thus the volume recognises and presents this complexity through a selection of contemporary theoretical as well as historico social investigations that mark a significantly innovative moment in the work on hegemony

**The Arcades Project** Walter Benjamin, 1999 Focusing on the arcades of 19th century Paris glass roofed rows of shops that were early centers of consumerism Benjamin presents a montage of quotations from and reflections on hundreds of published sources 46 illustrations

**Toward an Anthropology of Screens** Mauro Carbone, Graziano Lingua, 2023-10-04 This book shows that screens don't just distribute the visible and the invisible but have always mediated our body's relationships with the physical and anthropological cultural environment By combining a series of historical genealogical reconstructions going back to prehistoric times with the analysis of present and near future technologies the authors show that screens have always incorporated not only the hiding showing functions but also the protecting exposing ones as the Covid 19 pandemic retaught us The intertwining of these functions allows the authors to criticize the mainstream ideas of images as inseparable from screens of words as opposed to images and of what they call Transparency 2.0 ideology which currently dominates our socio political life Moreover they show how wearable technologies don't approximate us to a presumed disappearance of screens but seem to draw a circular pathway back to using our bodies as screens This raises new relational ethical and political questions which this book helps to illuminate

**Between Terror and Freedom** Simona Goi, Frederick Michael Dolan, 2006-01-01 In this volume Simona Goi and Frederick M Dolan gather stimulating arguments for the indispensability of fiction including poetry drama and film as irreplaceable sites for wrestling with nature meaning shortcomings and the future of modern politics Between Terror and Freedom brings to the surface an understanding of modernity as a multifaceted and dynamic narrative as it relates to politics philosophy and fiction Collecting essays across fields Goi and Dolan challenge strict disciplinary boundaries This is not meant to be read as another contribution to the debate of whether literature is can or should be political Between Terror and Freedom instead reveals how literature illuminates and expands our understanding of philosophical and political questions Political theorists philosophers cultural scholars and rhetoricians offer a fresh

perspective on the questions of our age and the paradoxes of modernity when they read literature      *Foucault 2.0* Eric Paras, 2020-01-14 A dramatically new interpretation of the development of the thought of Michel Foucault one of the 20th century's most influential thinkers In this lucid and groundbreaking work Eric Paras reveals that our understanding of the philosophy of Michel Foucault must be radically revised Foucault's critical axes of power and knowledge which purposefully eradicated the concept of free will reappear as targets in his later work Paras demonstrates the logic that led Foucault to move from a microphysics of power to an aesthetics of individual experience He is the first to show a transformation that not only placed Foucault in opposition to the archaeological and genealogical positions for which he is renowned but aligned him with some of his fiercest antagonists Foucault 2 0 draws on the full range of the philosopher's writing and of the work of contemporaries who influenced and sometimes vehemently opposed his ideas To fill the gaps in Foucault's published writings that have so far limited our conception of the arc of his thought Paras analyzes the largely untapped trove of lectures Foucault delivered to teeming Paris audiences as Professor of the College de France for more than a decade At the same time Foucault 2 0 highlights the background against which Foucault carried out his most foundational work the unrest of 1968 the prison reform movement of the early 1970s and the Iranian Revolution of 1979 Carefully assembling the fragments of a thinker who remains but half understood Eric Paras has composed a seminal book essential reading for novices and initiates alike      *History of the German People at the Close of the Middle Ages* Johannes Janssen, 1925      **Rosa Luxemburg** J.P.
