

How to Convert Old MCAT Scores to New MCAT Scores

The New MCAT scoring system is dumb. It's as if AAMC was trying to make it as hard as possible to do the math in our heads. Really, they want medical schools not to compare the old scores with the new scores, but this is also pretty dumb, because medical schools (and, as a result, applicants) will absolutely compare the scores.

Rather than using the 1-15 scale, though, med schools will use the comparative percentiles from the old scores and the new. We at Savvy Premed have compiled that information into the charts below to help you figure out how your scores compare between the old and new scales.
