

ESSAY 1: MEMOIR

LIFE ON THE MOVE

BY-PRIYA PATEL

Change! It sounds like a big word with a lot of meaning, in dealing with this there are a lot of challenges that each person goes through to adopt it. I have endured such challenges in life, everyone has a story so here's mine. I have been travelling for quite a long time now, when I was a child I have moved to two different country's with different cultures and intriguing history. When I was 12 years of age I moved from Africa to my birth place that is India, it was a challenging phase of life, it was hectic to move to a new place, even though I was born in India my roots were still attached to Africa. Reminiscing the places in a very blurry vision, I knew that the reason for such a huge change was a time where my father went through some deteriorating health conditions that gave us no option to move to the place that I was born Gujarat, oh yes! I think people have heard of 'Garba' is a dance that honors, worships, and celebrates the feminine form of divinity which is celebrated by most of the parts in India that originated from Gujarat.

Moving to Surat, Gujarat was a turning point in my life, I was a child 'who only visited her home country once in every two years'. It just felt like known place for me, meeting my family, relatives, neighbors was intimidating at first, but my mother told me that adjusting to a new place always takes time and took her advice to look at the bright side.

It was the summer of 2010 the weather was so humid, city full of population more than what you could combine two states of The United States.

I noticed a variety of small business owners, from food trucks to shops to malls, the city all in all was live and happening 24/7 it felt like no one has time for anything, everyone is on the clock. It's scary and fascinating at the same time, there are many reasons why I did not like that big move as everything was different, even if I shared the same nationality as them I did not feel at home, there were times when my mom used to set me up in meeting new people but I just did not want to open up as it was all new for me.

When me and my family got settled in our new apartment, they started looking for potential schools that I could get enrolled into, it was hard finding schools at first as I did not know the national language of India, some of the schools did not accept me into them, there were times where I wanted to attend those schools but as I was not knowledgeable towards the national language it became difficult for me to get enrolled and admitted in the schools, I had to go to a Central boarding school that provides all my subjects in English and 2 language classes, but those schools also come with donation, my family had to pay an ample amount of donation to get me enrolled into a school, even if I had a good educational standing and was a straight honors student back in Africa.

My family also had me take tutoring classes to learn the new language.
