Madzivhandila, Mzukisi Qobo, 2024-07-08 There is a national emergency and it has become more pronounced as South Africa faces challenges of Ethical leadership in both the private and public sector. Recently the Zondo Commission Public Investment Corporation PIC Commission and Courts of Law released reports that cast light on the conduct of public officials. There have also been several reports by the Special Investigating Unit SIU dealing with the same matter. This phenomenon is not only unique to South Africa. Reports of multinational companies that have been implicated in unethical and corrupt abound. These include corporate scandals such as those of Enron WorldCom Nortel and AIG. These malfeasances have demonstrated abundantly that corporate leaders are not immune to unethical behaviour. Bedi Alpasla Naidoo 2012a. What this showed is that the issue of ethics is important in the public sector. **Cybercrime and Challenges in South Africa** Stanley Osezua Ehiane, Sogo Angel Olofinbiyi, Sazelo Michael Mkhize, 2023-11-01 The advent of the Internet for global advancement and development has opened the world to new crimes. This is the first comprehensive book on the subject matter considering the absence of textbooks in teaching the subject matter in higher learning institutions. Hitherto the book is distinctive and timely in the wake of the inclusion of the subject matter as a new curriculum in many African universities. The book focuses on South Africa where the Internet has been misused by individuals to perpetuate crime which has been on the increase and unabated. The book's contents and its discourse are significant to students in higher institutions researchers and organizations to give in depth insights into varied cybercrime on various forms and the manners in which cybercrimes have been executed. Lastly the book contains instances where the Internet has been used to perpetuate crimes in recent times in South Africa. *Food Security for African Smallholder Farmers* Hupenyu Allan Mupambwa, Adornis Dakarai Nciizah, Patrick Nyambo, Binganidzo Muchara, Ndakalimwe Naftal Gabriel, 2022-02-28 This book provides a synthesis of current agricultural research in Africa with the aim of presenting evidence based information that can be directly applied into improving the African smallholder

farmers food security It presents positive scientific research that has been undertaken in Africa in simpler terms thus driving the research for development agenda contributing to the attainment of SDG 2 Numerous research that targets resource poor African smallholder farmers has been published yet the region faces very low productivity levels This lack of translation from research to food security and increased agricultural incomes is due to the poor uptake of scientific research by farmers which is partly due to poor presentation of this body of knowledge into simpler forms that extension workers and farmers can directly adopt Therefore this book offers research information in an easy digestible and application oriented style so as to enable transformation of the African agricultural sector by effectively driving agricultural productivity in Africa This book is of interest to African extension workers who will translate the simplified knowledge into lessons that can be useful to smallholder farmers The book is also beneficial for policy makers as well as academics researchers and other science based professionals
